

The School Plan for Student Achievement

School: John L. Webster Elementary School
CDS Code: 19-64980-6022636
District: Santa Monica-Malibu Unified School District
Principal: Patrick Miller
Revision Date: November 3, 2018

The School Plan for Student Achievement (SPSA) is a plan of actions to raise the academic performance of all students. California Education Code sections 41507, 41572, and 64001 and the federal Elementary and Secondary Education Act (ESEA) require each school to consolidate all school plans for programs funded through the ConApp and ESEA Program Improvement into the SPSA.

For additional information on school programs and how you may become involved locally, please contact the following person:

Contact Person: Patrick Miller
Position: Principal
Phone Number: (310) 456-6494
Address: 3602 Winter Canyon Road
Malibu, CA 90265-4835
E-mail Address: p.miller@smmusd.org

The District Governing Board approved this revision of the SPSA on .

School Mission Statement

John L. Webster Elementary School's Vision and Mission Statements

Vision Statement:

At Webster School, staff, parents and community members work together to create a joyous and caring learning environment in which all students are supported, challenged and successful. Webster students' master the New California Standards, develop higher

level thinking skills, and connect their learning to the real world in all areas of academic study, the arts, technology, and character development.

Mission Statement:

At Webster School, staff, parents, and community members work together ...

Our Vision Statement begins with these words and there is no better way to begin to describe our school. Webster's students take great pride in their school, in their learning, and in themselves because they are immersed in an environment where it is abundantly clear that everyone around them cares very deeply about their happiness and success. Our teachers welcome every child into their classrooms and provide a stimulating and challenging curriculum as they strive to ignite the passion for learning that lives within their students. The children see their parents volunteering as classroom volunteers, guest speakers, traffic monitors, playground supervisors, and Webster supporters! Our students interact regularly with community members who contribute their knowledge, energy, and talents to their educational experiences. These include Deputy Jake, the Sheriff's STAR Program deputy, Pepperdine students who serve as reading tutors, and the representatives of non-profits like Shane's Inspiration and Bookends, with which our students are involved.

That first sentence of our Vision Statement concludes with "... to create a joyous and caring learning environment in which all students are supported, challenged, and successful." We chose the words "joyous and caring" and "all students" very carefully and strive to give them life every day. Virtually everyone who visits our school comments on how happy and purposeful our students are. They are surrounded by teachers who are passionate about teaching meaningful content via processes that support student engagement. They are also taught by specialists whose love of art, music, gardening, and technology is communicated unmistakably in every lesson. Our students and their families share memorable events, a sampling of which include the annual Halloween costume parade, Bingo Night, Movie Night, Family Art Night, the Talent Show, Dr. Seuss's birthday, the Jog-a-thon, and the Multicultural Pot Luck Dinner.

Our Vision Statement continues with "Webster students master the New California Standards, develop higher level thinking skills, and connect their learning to the real world in all areas of academic study, the arts, technology, and character development." Our staff has no illusions about the magnitude of this challenge. Our school has embarked on a comprehensive effort to make this promise a reality for every student. The elements of this effort include State-adopted standards-based instructional materials at the heart of the instructional program, a variety of supplemental materials, a consistent focus on professional development, and the regular use of assessment data to inform and guide instruction. Six Webster classroom teachers have achieved National Board Certification, this is half our teaching staff! Webster was also recognized as a California Distinguished School in 2010 and 2014, based on the work our staff does on a daily basis with our students.

It is a further source of pride that our students are able to maintain this high level of academic achievement without being deprived of regular involvement with the arts. In fact, we believe that these experiences contribute to their success. Music, dance, and visual arts are a high priority in our school community. Beautiful murals appear throughout our school. Students often work outside in our Poets' Park or Butterfly Garden. Our 5th grade students participate annually in a ten-week ballroom dance program. Third grade classes also receive dance instruction in District-sponsored programs. Every class receives art instruction via a scheduled rotation. Every 4th and 5th grade student participates in two weekly music lessons, either instrumental or vocal, taught by a credentialed music teacher. Transitional Kindergarten-2nd grade classes are also provided vocal music lessons.

Connecting learning to the real world is another hallmark of the educational experience for Webster students. Field trips clearly connected to classroom instruction occur regularly at all grades. Our 4th graders attend Astrocamp for three days and our 5th graders travel to Yosemite for a week for outdoor environmental education. Character Counts is an integral part of the life of our school as we prepare children to evolve into responsible parents and citizens. Finally, we are very fortunate to have devoted community, district and staff members to supporting students' technology development. Every class attends Computer Lab lessons every week, with a specific technology curriculum designed for their grade level. In addition, every classroom has access to technology and software to further develop students' facility with tools that will help them in the 21st century.

Webster families view our school as a highly valued partner in the challenging, satisfying work of raising their children. Parents at Webster have very high expectations for us, but these are matched by their personal involvement and support. The most often-repeated comment from parents at Webster is, "I wish I could go to school here!" We regard that as high praise indeed.

School Profile

John L Webster School is located in Malibu, California. Malibu is a small, coastal community with a population around 13,000 residents. The city, well known for its celebrity residents, beaches, and Pepperdine University, is located in Los Angeles County and is a short distance from Los Angeles, the state's largest city. Approximately 15 million tourists visit the city each year. 91.5% of the residents are white, 6.1% are Hispanic and other minority groups constitute more than 2.6%. 14.2% of the population speak a language other than English in the home. The median housing price of \$1,000,001 is well above the national and state average. The median household income of \$125,202 is also above the state average of \$60,883.

John L Webster School is part of the Santa Monica Malibu Unified School District (SMMUSD). SMMUSD serves approximately 11,300 students in both Malibu and neighboring Santa Monica communities. The district is comprised of 10 elementary schools, 3 middle schools, 2 high schools, 1 alternative high school, 1 continuation high school, 1 adult school and an Early Childhood Development Program. The district had an attendance rate of 95% during the 2015-2016 school year.

John L Webster is a grades TK-5 elementary school, located in the central part of the city of Malibu, and has a total enrollment around 300 students. 76% of the total student population is white, 12% is Hispanic or Latino, 6.2% two or more races, and 3.4% Asian. 7.9% of the population are classified as English Learners and 5.1% are classified as students with a disability. 6.8% of the student population is identified as socioeconomically disadvantaged. The school employs 13 teachers. Class sizes in grades K-3 have an average of 23 to 1, and in grades 4 and 5 the average is 30 to 1. 5 teachers have earned the prestigious National Board Certification. In addition to the classroom teachers, the district supports the school site with a Literacy Coach, and Language and Literacy Interventionist, Classroom Instructional Assistants, a school psychologist, part time health office specialist and school nurse, part time attendance clerk, and office manager.

SPSA Executive Summary with SLT Plan Narrative

The SMMUSD LCAP plan's goals were compacted into three for the 2017-2018 school year and continue to be the focus for the 2018-2019 school year.

1. All students are socially just and ready for college and careers.
2. English learners will become proficient in English while engaging in a rigorous, culturally and linguistically relevant standards-aligned curriculum in the core content areas.
3. All students and families engage in safe, well-maintained schools that are culturally responsive and conducive to 21st century learning.

Our Webster Single Plan for Student Achievement mirrors these three goal areas with specific actions for our site. Our Webster goals include:

1. Increase the number of students in grades 3-5 at level 3 (Standard Met) or level 4 (Standard Exceeded) to 82% in English Language Arts (78% in 2017-2018, 74% in 2016-2017, 79% in 2015-2016) and to 82% in Mathematics (75% in 2017-2018, 80% in 2016-2017, 80% in 2015-2016), as measured on spring CAASPP assessment. Additionally, we would like to see cohorts of students increase their performance from level 3 on CAASPP in both English Language Arts and Math by at least 15 points (In 2017-2018, the 100 student cohort increased distance from 3 by 38 points in ELA and 14 points in math. In 2016-2017, all students decreased by 16 points in ELA and decreased by 6 points in Math).
2. Have 75% of identified English Learners improve one or more levels annually as measured on ELPAC (Data not available for 2017-2018. 56.2% met AMAO 1 in 2016-2017)
3. Decrease the number of students absent 10% of the school year or more (6.8% in 2017-2018, 10.67% in 2016-2017) to 6% while increasing the number of students reporting that they either like school or like school very much to 70% (67.2% in 2017-2018, 65.1% in 2016-2017).

Building off of previous school and district efforts around literacy, thinking maps, academic language and language frames, the School Leadership Team decided to continue with a school wide focus on communication. Namely, that students will be able to organize and articulate their thoughts orally and/or in writing using support and elaboration across all content areas. To support students writing across content areas and in all genres, staff is continuing to engage students in a variety of writing tasks and providing meaningful feedback. In addition to explicit instruction utilizing the mini-lessons from Benchmark or Teachers College Writing Workshop, all staff is also being trained in Write from the Beginning, a process writing program that includes mini-lessons, modelling, and rubrics.

All students are assessed regularly during class instruction and classroom testing. Students are grouped in order to re-teach skills or modify instruction regularly. Groups can be based on skill or level or may be grouped in multi-level groups. Data is consistently reviewed and teachers modify their instruction to meet student needs. All teachers use small group formats and a version of centers to ensure students receive individual and differentiated instruction. Data meetings are held at three points in the school year. Baseline data is gathered in the early fall; data is collected again in early winter and in the spring for end of the year growth. At the beginning of the year, teachers are provided with State Testing results (grades 3-5) as well as results from Fastbridge, a screener. Teachers also utilize data from Lexia to consider student baseline data and progress. Teachers work with the Literacy Coach and Literacy and Language Interventionist (LLI) to review the data. Together, with the Literacy Coach and LLI, teachers follow particular protocols to ensure every student is considered in the data analysis. From that data, students who require Tier II and III interventions are identified. Further, teachers are able to evaluate their core instruction and determine what they need to work on with their entire class and with students in small groups. They also consider how to ensure progress monitoring is fluid and appropriate to student growth over the course of the school year. This year we are continuing with our school wide writing prompts and using a student work protocol during our collaborative time. The student work is also used to calibrate rubric scoring and discuss implications for lesson design collaboratively. We will also administer district wide interim assessments this year and will use that additional data set to inform instruction. This teacher to teacher model has seemed to be effective and helped keep previous PLC initiatives moving forward.

Planned Improvements in Student Performance

School Goal #1

The School Site Council has analyzed the academic performance of all student groups and has considered the effectiveness of key elements of the instructional program for students failing to meet student performance targets. As a result, it has adopted the following school goals, related actions, and expenditures to raise the academic performance of students not yet meeting state standards:

SUBJECT: English Language Arts and Mathematics Development	
District LCAP Goal 1:	
All graduates are ready for college and careers.	
Data and analysis used to form school-specific SMART goal(s)	
School Goal: Increase the number of students in grades 3-5 at level 3 (Standard Met) or level 4 (Standard Exceeded) to 82% in English Language Arts (78% in 2017-2018, 74% in 2016-2017, 79% in 2015-2016) and to 82% in Mathematics (75% in 2017-2018, 80% in 2016-2017, 80% in 2015-2016), as measured on spring CAASPP assessment. Additionally, we would like to see cohorts of students increase their performance from level 3 on CAASPP in both English Language Arts and Math by at least 15 points (In 2017-2018 the 100 student cohort increased by 38 points in ELA and 14 points in math.)	
In 2017-2018, a total of 145 students from 3rd-5th grade participated in and received results from CAASPP ELA testing. In 2016-2017 a total of 154 students from 3rd-5th grade participated in and received results from CAASPP ELA testing as compared to 2015-2016 when a total of 150 students and 2014-2015 school year with 144 students. Overall, in all grades 3-5, 78% met or exceeded the standard in ELA, +59 average distance from 3 compared to 74% in 2016-2017, +54 average distance from level 3 and 79% meeting or exceeding in the 2015-2016 school year with a +70 average distance from level 3.	
2015 ELA 3rd grade Met/Exceeded Standard: 72%	2015 ELA 3rd grade NOT met Standard: 27%
2016 ELA 3rd grade Met/Exceeded Standard: 68%	2016 ELA 3rd grade NOT met Standard: 32%
2017 ELA 3rd grade Met/Exceeded Standard: 69%	2017 ELA 3rd grade NOT met Standard: 31%
2018 ELA 3rd grade Met/Exceeded Standard: 65%	2018 ELA 3rd grade NOT met Standard: 35%
2015 ELA 4th grade Met/Exceeded Standard: 66%	2015 ELA 4th grade NOT met Standard: 33%
2016 ELA 4th grade Met/Exceeded Standard: 84%	2016 ELA 4th grade NOT met Standard: 16%
2017 ELA 4th grade Met/Exceeded Standard: 63%	2017 ELA 4th grade NOT met Standard: 37%
2018 ELA 4th grade Met/Exceeded Standard: 70%	2018 ELA 4th grade NOT met Standard: 30%
2015 ELA 5th grade Met/Exceeded Standard: 87%	2015 ELA 5th grade NOT met Standard: 13%
2016 ELA 5th grade Met/Exceeded Standard: 92%	2016 ELA 5th grade NOT met Standard: 8%
2017 ELA 5th grade Met/Exceeded Standard: 91%	2017 ELA 5th grade NOT met Standard: 9%
2018 ELA 5th grade Met/Exceeded Standard: 93%	2018 ELA 5th grade NOT met Standard: 6%
In 2017-2018, a total of 145 students from 3rd-5th grade participated in and received results from CAASPP Math testing. In 2016-2017 a total of 155 students from 3rd-5th grade participated in and received results from CAASPP Math testing as compared to 2015-2016 when a total of 149 students and 2014-2015 school year with 146 students. Overall, in	

all grades 3-5, 75% met or exceeded the standard in 2017-2018 with an +51 average distance from 3. In 2016-2017, 80% met or exceeded the standard,+53 average distance from level 3 compared to 80% meeting or exceeding in the 2015-2016 school year with a +59 average distance from level 3.

2015 Math 3rd grade Met/Exceeded Standard: 84%	2015 Math 3rd grade NOT met Standard: 16%
2016 Math 3rd grade Met/Exceeded Standard: 76%	2016 Math 3rd grade NOT met Standard: 24%
2017 Math 3rd grade Met/Exceeded Standard: 76%	2017 Math 3rd grade NOT met Standard: 24%
2018 Math 3rd grade Met/Exceeded Standard: 71%	2018 Math 3rd grade NOT met Standard: 29%
2015 Math 4th grade Met/Exceeded Standard: 69%	2015 Math 4th grade NOT met Standard: 31%
2016 Math 4th grade Met/Exceeded Standard: 80%	2016 Math 4th grade NOT met Standard: 20%
2017 Math 4th grade Met/Exceeded Standard: 73%	2017 Math 4th grade NOT met Standard: 27%
2018 Math 4th grade Met/Exceeded Standard: 66%	2018 Math 4th grade NOT met Standard: 33%
2015 Math 5th grade Met/Exceeded Standard: 81%	2015 Math 5th grade NOT met Standard: 19%
2016 Math 5th grade Met/Exceeded Standard: 84%	2016 Math 5th grade NOT met Standard: 16%
2017 Math 5th grade Met/Exceeded Standard: 93%	2017 Math 5th grade NOT met Standard: 7%
2018 Math 5th grade Met/Exceeded Standard: 86%	2018 Math 5th grade NOT met Standard: 14%

How the school will measure progress toward this goal

The following are the ways in which we will evaluate our progress towards this goal:
 Fastbridge screener and progress assessments
 District Wide Interim Assessments
 School Wide Writing Prompts and analysis of student work, use of common rubrics
 Other measurements: Teacher observation, student work, and report cards, lexia, reading plus, reflex math, leveled literacy (FP)
 Literacy coach, principal and classroom teacher will have beginning, mid and end of year Data meetings to follow a protocol of reviewing assessments
 CAASPP 2019 results

Planned Improvements in Student Performance

School Goal #2

The School Site Council has analyzed the academic performance of all student groups and has considered the effectiveness of key elements of the instructional program for students failing to meet student performance targets. As a result, it has adopted the following school goals, related actions, and expenditures to raise the academic performance of students not yet meeting state standards:

SUBJECT: English Language Development
District LCAP Goal 2
English learners will become proficient in English while engaging in a rigorous, standards-aligned curriculum
Data and analysis used to form school-specific SMART goal(s)
Site Goal: Have 75% of identified English Learners improve one or more levels annually as measured on ELPAC (Data not available 2017-2018, 56.2% met AMAO 1 in 2016-2017) In 2017-2018, 12 English Learners were tested in grades 3-5. Their average performance on ELA CAASPP was 2.4, a -.7 difference from "All Students." Their average performance on Math CAASPP was 2.5, also a -.7 difference from "All Students." In 2016-2017, the gap for English Learners difference from "All Students" percentage met and exceeded standard on 2017 CAASPP ELA was -28% and in Math -25%. (11 Total Students tested in grades 3-5). In 2016, 2017, there were 23 students currently classified as English Learners with 9 languages represented. Per the CELDT AMAO Summary, in 2016-2017 16/16 students (100%) had required prior CELDT scores with 9 students (56.2%) meeting AMAO at site. In regards to AMAO 2, 28 students were in the cohort with less than 5 years and 11/28 (39.3%) attained English Proficient Level. There was 1 student in the 5 years or more cohort and that student attained the English Proficient Level (100%).
How the school will measure progress toward this goal
SIPPS and English 3D measurements Classroom Performance Other measurements: Lexia, Reading Plus, Leveled Literacy Running Records CELDT/ELPAC Testing

Actions to be Taken to Reach This Goal	Timeline	Responsible Parties	Proposed Expenditure(s)			
			Description	Type	Funding Source	Amount
Core instruction with integrated and designated ELD happening in general education classroom. Classroom teacher supported by Literacy Coach providing teacher to teacher support. Access to Rosetta Stone for Beginners	August 2018 to June 2019	Classroom teachers, Literacy Coach	Teachers continue to familiarize themselves and integrate ELA/ELD standards using district curriculum map and approved instructional materials, district training on ELA/ELD standards.			
Tier 3 intervention groups including SIPPS and English 3D for students who qualify Tier 3 intervention group (SIPPS) in grade 2 facilitated by IA.	September 2018 to June 2019	Language Literacy Interventionist	District supports LLI and Tier 3 groups			
SPED/EL crossover district training	Fall 2018	SAI teacher	SPED/EL Compliance Training	None Specified	District Funded	
Teacher professional development around ELD and benchmark, academic language, language frames.	January 2019-May 2019	Principal, PD Leader, Literacy Coach	Pursue outside professional development during banked time around best practices to support ELs, including how benchmark differentiates for EL learners	None Specified	District Funded	
Ongoing use of Thinking Maps and Write from the Beginning to support ELD.	August 2018-June 2019	All teachers	Instructional practices allow for use of academic language, use of language frames, organization of thoughts.			

Actions to be Taken to Reach This Goal	Timeline	Responsible Parties	Proposed Expenditure(s)			
			Description	Type	Funding Source	Amount
Ensure participation of ELs in all school activities and enrichment programs including Math Club.	August 2018-June 2019	Principal, Teachers	Language is acquired in various settings and feeling connected to school and peers is very important.

Goal 2	

Planned Improvements in Student Performance

School Goal #3

The School Site Council has analyzed the academic performance of all student groups and has considered the effectiveness of key elements of the instructional program for students failing to meet student performance targets. As a result, it has adopted the following school goals, related actions, and expenditures to raise the academic performance of students not yet meeting state standards:

SUBJECT: School Climate
District LCAP Goal 3
All students engage in schools that are safe, well-maintained and family-friendly.
Data and analysis used to form school-specific SMART goal(s)
Site Goal: Decrease the number of students absent 10% of the school year or more (6.8% in 2017-2018, 10.67% in 2016-2017) to 6% while increasing the number of students reporting that they either like school or like school very much to 70% (67.2% in 2017-2018, 65.1% in 2016-2017). Per Calpads attendance data: In 2016-2017, 174/300 students at webster (58%) were absent less than 5%. 94/300 (31.33%) missed between 5% and 10%, 27/300 (9%) missed between 10%-20%, and 5/300 (1.67%) missed over 20%. Parent Perception Survey Data unable to locate 2017-2018, not available for 2016-2017.
How the school will measure progress toward this goal
Olweus Bully Prevention Program (OBPP) online surveys Classroom meetings and anecdotal student and adult sharing Parent Perception surveys A2A Attendance reports PlanetBravo Feedback and Evaluations Assessment results from Reflex math, TenMarks, Lexia, Google Docs

Actions to be Taken to Reach This Goal	Timeline	Responsible Parties	Proposed Expenditure(s)			
			Description	Type	Funding Source	Amount
Olweus Bully Prevention Program (OBPP) 6 survey data to prepare. Survey data shared with staff.	August 2017, September 2017	Principal, OBPP team (Classroom teacher, parent representative)	None Specified			
Ongoing efforts with OLWEUS classroom meetings, Character Counts, Spirit Assemblies, and Best on the Beach, including school wide assemblies	September 2017- May 2018	Principal with follow up from teachers in classes	Various character assemblies	None Specified	Parent-Teacher Association (PTA)	1000
Synthesize school efforts into a "Schoolwide Behavior Plan"	January 2018	Principal				
Staff refresh with OBPP details and next steps during staff meeting Trained staff member reviews and redesigns classroom Meeting lesson protocols, Staff will set up a calendar for the remainder of the school year for weekly classroom meetings regarding Bully Prevention and topics around how students can support one another	October 2017- June 2018	Teachers	May need to purchase some OLWEUS materials	0001-0999: Unrestricted: Locally Defined	Site Formula Funds	500
OBPP 2016-2017 Survey for 3rd - 5th grade students	February/March, 2017	Principal and classroom teachers	None Specified			
Promote and execute variety of service learning opportunities: canned food, Halloween candy, sister school book drive and field trip, unicef, step forward day, beach clean up, etc.	2018-2019	Staff	Service Drives and improve student leadership group.			
Utilize lab and classroom chromebook carts for variety of assesments and programs including lexia, reading plus, reflex math, fastbridge Ascreener, districtwide interims, CAASPP	2017-2018	Literacy Coach, Math Coach, Teachers, Principal	Provide work time on chromebooks and computers on assessments, practice and interim assessments.	None Specified		

Actions to be Taken to Reach This Goal	Timeline	Responsible Parties	Proposed Expenditure(s)			
			Description	Type	Funding Source	Amount
Teachers continue to augment instruction by designing learning tasks and project using classroom chromebooks.	2017-2018	PlanetBravo, Teachers	Current PlanetBravo teacher also an integration expert and can assist classroom teachers. PTA may support additional classroom devices.			
Students engage and participate in range of district and PTA sponsored programs: instrumental music, vocal music, holiday music, recorder, ballroom dance, physical education, theater, art, gardening, etc.	2017-2018	Staff	Holiday Music Instruction	0001-0999: Unrestricted: Locally Defined	Site Formula Funds	1000
Variety of PTA and school sponsored events (Family Nights, Red Ribbon Week, Science Fair and Science Activities, Assemblies, Field Trips, Parent Education, Spelling Bee, etc) Parent volunteer program.	2017-2018	PTA, Principal, Staff	PTA supported events			
Provide social and emotional supports including individual counseling and groups.	2018-2019	Boys and Girls Club, Principal	Look for ways to increase hours/caseload or expand Boys and Girls Club Wellness Program to support Webster students.			
Community building efforts: school and classroom circles, MixItUp Lunch, Start with Hello week, Random Acts of Kindness, community events, ice breakers, team building. Strengthen restorative approaches within classroom, school, and parent community. Staff attend district provided training.	2018-2019	Principal, Staff	Build and strengthen community to include student to student relationships, staff to student relationship and school and families/community relationships.			

Actions to be Taken to Reach This Goal	Timeline	Responsible Parties	Proposed Expenditure(s)			
			Description	Type	Funding Source	Amount
Increase staff awareness of Social Justice standards.						
Extra hourly office support Supplies for Office, PAS, and Nurse	2018-2019	Office Staff, PAS, HOS, Nurse	Ensure necessary staff support and supplies to serve our students and families	0001-0999: Unrestricted: Locally Defined	Site Formula Funds	2530

Total Expenditures for Goal 3

Goal Number	Total Expenditures
Goal 3	5,030.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

Name of Members	Principal	Classroom Teacher	Other School Staff	Parent or Community Member	Secondary Students
Patrick Miller	X				
Kelly Morris		X			
Vince Le Greco			X		
Peri Monte			X		
Jerel Taylor				X	
Connie Jenkins				X	
Mike Kisskalt		X			
Dave Karsh				X	
Heather Pitz				X	
Quint Morris				X	
Numbers of members of each category:	1	2	2	5	

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The school site council (SSC) recommends this school plan and Proposed Expenditure(s) to the district governing board for approval and assures the board of the following:

1. The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.
2. The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.
3. The SSC sought and considered all recommendations from the following groups or committees before adopting this plan **(Check those that apply)**:

English Learner Advisory Committee

Signature

District/School Liaison Team for schools in Program Improvement

Signature

- X Other committees established by the school or district (list):

SLT Team/PD Team

Signature

4. The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.
5. This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.
6. This SPSA was adopted by the SSC at a public meeting on 11/14/2018.

Grade 4	*	46.67	*	*	33.33	*	*	20.00	*
Grade 5	*	*	73.33	*	*	26.67	*	*	0.00
All Grades	33	41.67	52.17	48	33.33	34.78	19	25.00	13.04

Conclusions based on this data:

1. For students in this ethnicity group, the largest percentage of students below standard occurred in the area of Reading.
2. For students in this ethnicity group, the largest percentage of students above standard also occurred in the area of Reading, indicating this content area has the largest discrepancy of success.
3. The area of Listening had the highest percentage of students at or above grade level.

All Grades	53	51.85	49.53	41	40.74	46.73	6	7.41	3.74

Conclusions based on this data:

1. The overall 'all grades' above standard score occurred in every subtest within this content area.
2. The highest percentage of students below standard occurred in the area of Research/Inquiry, though the number is 6%
3. The largest discrepancy of students above grade level occurred between third and fifth grade in the content area of Reading.

All Grades	53	52.78	49.07	41	39.81	41.67	6	7.41	9.26

Conclusions based on this data:

1. The largest area of growth from the 2014-2015 year to the 2015-2016 school year was in the area of Concepts and Procedures.
2. There was virtually no change in students who were below grade level in any of the content areas from the 204-2015 year to the 2015-2016 school year.
3. The largest discrepancy of students above grade level occurred between third and fifth grade in the content area of Problem Solving.

How are the School Climate Indicators Calculated?

The school climate indicators provide school-level descriptions of several factors that are known to influence learning success in schools. All sub-domains except “Physical Safety (Low Victimization)” and “Emotional Safety (Low Victimization)” are calculated by averaging the percentage of respondents who report “Yes, most of the time” or “Yes, all of the time” on survey items that comprise each scale. “Physical Safety (Low Victimization)” and “Emotional Safety (Low Victimization)” are computed by averaging the percentage of respondents who report “No, never” on the survey items that comprise each scale. For example, a value of 72 on the “School Connectedness” indicator means that on average, 72% of students report “Yes, most of the time” or “Yes, all of the time” across the three “School Connectedness” survey items.

All sub-domains and survey items that comprise the scales are listed below.

(1) School Connectedness (3 items)

- o Do you feel close to people at school?
- o Are you happy to be at this school?
- o Do you feel like you are part of this school?

(2) Caring Relationships (4 items)

- o Do the teachers and other grown-ups at school care about you?
- o Do the teachers and other grown-ups at school tell you when you do a good job?
- o Do the teachers and other grown-ups at school listen when you have something to say?
- o Do the teachers and other grown-ups at school believe that you can do a good job?

(3) Meaningful Participation (7 items)

- o Are you given a chance to help decide class activities or rules?
- o Are you given a chance to help decide school activities or rules?
- o Do the teachers and other grown-ups at school ask you about your ideas?
- o Do the teachers and other grown-ups give you a chance to solve school problems?
- o Do you get to do interesting activities at school?
- o Do your teachers ask you what you want to learn about?
- o Do you do things to be helpful at school?

(4) Perceived School Safety (1 item)

- o Do you feel safe at school?

(5) Physical Safety (Low Victimization) (1 item)

- o Do other kids hit or push you at school when they are not just playing around?

(6) Emotional Safety (Low Victimization) (2 items)

- o Do other kids at school spread mean rumors or lies about you?
- o Do other kids at school call you bad names or make mean jokes about you?

(7) Fairness (3 items)

- o Do teachers treat students fairly at school?
- o Do teachers and other grown-ups at school treat students with respect?
- o Are students treated fairly when they break school rules?

(8) Rule Clarity (1 item)

- o Do students know what the rules are?

- (9) Social Emotional Learning Supports (2 items)
 - o Does your school help students resolve conflicts with one another?
 - o Does your school teach students to care about each other and treat each other with respect?
- (10) Anti-Bully Messages (1 item)
 - o Do the teachers and other grown-ups make it clear that bullying is not allowed?
- (11) Positive Behavior (4 items)
 - o Do you follow the classroom rules?
 - o Do you follow the playground rules at recess and lunch times?
 - o Do you listen when your teacher is talking?
 - o Are you nice to other students?
- (12) Parent Involvement in Education (5 items)
 - o Does a parent or some other grown-up at home care about your schoolwork?
 - o Does a parent or some other grown-up at home ask if you did your homework?
 - o Does a parent or some other grown-up at home check your homework?
 - o Does a parent or some other grown-up at home ask you about school?
 - o Does a parent or some other grown-up at home ask you about your grades?

Results are based on responses from 5th grade students to the California Healthy Kids Survey. Student results are not included if less than 50% of students or less than 15 respondents provided data.

Further information about the methodology used to construct the school climate indicators can be obtained by contacting Cindy Zheng at 562-799-5481 or czheng@WestEd.org.

State Averages

State averages are based on responses from 5th grade students who provided data to the California Healthy Kids Survey during the 2015-2016 and 2016-2017 school years. The state average for “Meaningful Participation” is not available because two survey items that comprise the sub-domain were not asked on the survey during those two years.

Explanation of Other Indicators

Results are provided on selected key student- and staff-reported school climate items as a complement to the school climate indicators. Staff indicators are provided to facilitate comparisons between student and staff perceptions. While most staff indicators are in the high range (80-90%), it is important to compare how staff perceptions might differ from students to identify areas for improvements.

Staff results are not included if less than 50% of staff or less than 5 staff members provided data. Student- and staff-reported school climate measures and their sources are described below.

Selected Student-Reported School Climate Measures (CHKS)

- Finish all classroom assignments – finish all your class assignments “most of the time” or “all of the time.”
- Absent 2 or more days in the past 30 days – missed an entire day of school for 2 or more days for any reason in the past 30 days.

- Feel a part of the school – feel like you are part of this school “most of the time” or “all of the time.”
- Adults at school care about you – teachers and other grown-ups at school care about you “most of the time” or “all of the time.”
- Safety at school – feel safe at school “most of the time” or “all of the time.”
- Harassed at school – other kids at school call you bad names or make mean jokes about you “most of the time” or “all of the time.”
- Parents ask about school – a parent or some other grown-up at home asks you about school “most of the time” or “all of the time.”

Selected Staff-Reported School Climate Measures (CSSS)

- Students are motivated to learn – “strongly agree” or “agree” that students at this school are motivated to learn.
- Truancy is moderate/severe problem – cutting classes or being truant is a “moderate” or “severe” problem at this school.
- School is a supportive and inviting place for students to learn – “strongly agree” or “agree” that this school is a supportive and inviting place for students to learn.
- School is a supportive and inviting place for staff to work – “strongly agree” or “agree” that this school is a supportive and inviting place for staff to work.
- School is a safe place for students – “strongly agree” or “agree” that this school is a safe place for students.
- Harassment/bullying is moderate/severe problem – harassment and bullying among students is a “moderate” or “severe” problem at this school.
- School is welcoming to and facilitates parental involvement – “strongly agree” or “agree” that this school is welcoming to and facilitates parental involvement.
- School has clean and well-maintained facilities – “strongly agree” or “agree” that this school has clean and well-maintained facilities and property.

Chronic Absenteeism Analysis Report

2017-18

Santa Monica-Malibu Unified School District

Report Date: 10/5/2018

Chronic (based on excused and unexcused absences):
Chronic: A student who misses 10% or more of student instructional days
Severe Chronic: A student who misses 20% or more of student instructional days

Note: Rates calculated off cumulative data from beginning of school year through each attendance through date.

District Level

Percent of Students that are Chronically Absent Over Time (Presented by: By Site Name -- Drillable by: By Site Name)
