Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

The School Plan for Student Achievement (SPSA) is a plan of actions to raise the academic performance of all students. California Education Code sections 41507, 41572, and 64001 and the federal Elementary and Secondary Education Act (ESEA) require each school to consolidate all school plans for programs funded through the ConApp and ESEA Program Improvement into the SPSA. We do not receive Title I funding.

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

The focus of our school is to increase college and career readiness through implementing a guaranteed and viable curriculum, incorporating academic language and evidence-based writing, and implementing student engagement strategies. The three main goals of the school are in line with the LCAP goals and are:

1. All graduates are socially just and ready for college and careers.
2. English Learners will become proficient in English while engaging in a rigorous, culturally and linguistically responsive standards-aligned core curriculum.
3. All students and families engage in safe, well-maintained schools that are culturally responsive and conducive to 21st century learning.

Specific indicators for goal #1 are students will utilize critical thinking to make sense of problems and persevere in solving them, and students will communicate clearly, effectively, and with evidence-based reasons. To support these indicators, the staff engages in the cycle of inquiry within Professional Learning Community (PLC) teams, focused on problem solving, communication of ideas, and future ready skills. The teams in English, Math, Science, Social Studies, and World Languages will engage in norming of grading rubrics and practices. All staff will work on strategies to incorporate learning experiences and engagement for students using technology. Additionally, a team of teachers actively participates in the CARPE College Access Network. This network's focus is to improve college access for traditionally underrepresented students. The team learns and applies evidence-based ways to increase FAFSA completion and Cal Grant awardance, enhance the college application/selection process, foster a sense of belonging, and decrease "summer melt".

The specific indicator for goal #2 is students will be able to use academic language to access the content area and engage in evidence-based writing (move from speaking to writing). The staff practices that will foster this goal is incorporation of academic talk strategies, use of sentence frames, and incorporation of academic word banks.

For goal #3, the first specific indicator is students will feel safe at school and in their classes to take risks and engage in learning. The staff practices for this indicator include restorative justice training, utilizing community building strategies, and incorporation of student-oriented instruction activities. An additional specific indicator is students will have a balanced workload, and supports for stress and time management. The staff practice fostering this part of the goal is first and foremost, the development and implementation of a support period in the school day which we call Flex-Time. Other practices include utilizing Google Classroom to communicate homework, deadlines, and upcoming assessments. Additionally, PLC teams will have discussions focused on grading practices and policies in an effort to normalize experiences across campus.

Throughout the year, the following data will be used to help monitor progress:

- D/F rates
- Common Formative Assessment Data
- Common Student Writing
- Benchmark Assessment Data
- Enrollment in advanced classes/retention rates
- Classroom walkthroughs and observations (learning walks) Depth of Knowledge protocols
- Interim Assessments

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

The school uses various surveys including, but not limited to, the CA Healthy Kids Survey and the Senior Exit Survey to collect data about the student body. One positive result to highlight from the 2017-2018 CA Healthy Kids Survey was 71% of students reported they have an adult on campus that they can talk to and trust. The results indicated that an area of improvement was meaningful instruction since only 28% of students found the work they were doing in classes to be meaningful and interesting. According to the data collected through the 2019 Senior Exit Survey, 92% of graduating class were continuing on with post-secondary education; 58% of the seniors planned to attend a four year college and 34% planned to attend a two year college.

In order to collect other data about the school climate, the district surveys the parents and the site surveys teachers.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

The school administration and site leadership team conducts learning walks of the classrooms on campus using the Depth of Knowledge protocols. We look to visibly see students engaged in their learning.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

The Santa Monica High School Site Leadership Team (SLT) has selected three primary areas of focus that align with the three LCAP and SPSA goal areas:

To address college and career readiness, the SLT has identified a focus on creating high-functioning Professional Learning Communities (PLC) teams within departments and the development of common assessments. Using the assessment data, the PLC teams will go through the inquiry cycle, creating common learning experiences to address students' learning needs and monitor progress of student learning. The PLC teams will maintain a common course website with course descriptions, expectations, and pacing. Teachers will also incorporate AVID strategies into all courses.

To address the needs of English Learners, the SLT has identified a variety of strategies. These include a school-wide focus on academic language; the use of academic engagement strategies; additional academic tutors; student shadowing; learning walks and a series of professional development workshops to increase teacher understanding of how best to serve our English Learners.

Finally to ensure that all students engage in schools that are safe, well-maintained and family-friendly, the SLT has identified a focus on investment strategies during first two weeks of school; the continued implementation of Restorative Justice; the use of community circles in classrooms; the use of academic circles in classrooms; and the application of practices from Dr. Noguera's work surrounding Culturally Responsive Education.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Data is used by our Professional Learning Community (PLC) teams during their cycle of inquiry. Each PLC team uses common assessments, reflects on the data, and then creates learning experiences to address the identified areas of need in student learning. Additionally, math and English teachers use agreed upon interim assessments to track progress over time.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

The school site has required professional development meetings for certificated staff every Wednesday morning. The meetings rotate between formats of department and school wide meetings.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

The school site provides professional development opportunities weekly for staff members. The meetings follow the three goals established at the beginning of the school year by our district LCAP committee.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Each of our school goals are accompanied by commitments made by our site leadership team. Cycles of Inquiry are created to ensure that the standards are being met by our students. Interim assessments are selected and used as benchmarks to monitor the progress of student learning.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

Our Teacher Leaders, AVID Coordinator, EL Coordinator, and Department Chairs provide strategies, curriculum and instruction support for our teaching staff. A professional development calendar is created to support the implementation of our school improvement plan that is focused on instruction.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

During our department meetings that occur on Wednesday mornings, teachers work in Professional Learning Communities (PLC) Teams based on the courses they teach. The PLC Teams work together through the cycle of inquiry using data from common assessments to assess areas of need. The team then collaborates on best practices to design learning experiences to address those areas of need.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Each of our departments work within their Professional Learning Community teams to align assessments and instruction to ensure students are mastering the content.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

All courses have access to standards-based instructional materials appropriate to all student groups.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Standards-aligned instructional materials are provided in all content areas. Most content areas have intervention materials available that are used to support instruction in SAI classes and to differentiate instruction in the collaborative classrooms.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Collaborative classes are offered to students with IEPs. Two teachers support the learning of students who have traditionally not performed at standard. Flex-Time is also an opportunity where students needing help can gain access to their teacher and peers.

Evidence-based educational practices to raise student achievement

Our teachers use interim assessments to gauge the progress our students are making in class. Teachers are using sentence frames, academic language and talk protocols to raise student achievement.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

We have a community liaison, an African American Parent Organization, a School Site Council, ELAC, and Latino Parent Organization (Puente), all organizations provide information to our parents. We have monthly PTSA meeting and Coffee with the Principal meetings to discuss instruction, goals and how we can close the achievement gap.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Members of the SSC participate in the decision making process for the use of Title II funding for professional development as part of the SPSA process.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

No categorical funding is received.

Fiscal support (EPC)

District supports with the management of all non-categorical fiscal resources.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The school principal consults with SMMUSD educational services to understand the SPSA process. The director of assessment supports our school with data and information regarding our school site. We conduct monthly meetings with the member of the school site council, provide agendas and minutes on our school website. The meeting dates are also posted on the school website for community viewing. These meetings are all open to the public.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Our school is in need of more writing center support during Flex-Time. More professional development for our World Language teachers to create common grading rubrics.

Grade 12	713	715	669
Total Enrollment	2,826	2,857	2,816

Conclusions based on this data:

1. Our two largest subgroups are Hispanic/Latino (35%) and African American/Black (7%).
2. The majority of our students are white (41%).
3. The overall enrollment is fairly consistent over time.

Reclassified Fluent English Proficient (RFEP)	17	5	6	12.1%	3.7%	4.2%

Conclusions based on this data:

1. The number of English Learners has remained between 4% and 6% over the last three years and our Fluent English Proficient students have remained around 24% from 2016-2019 with a deviation of 1.2%.
2. The percent of students Reclassified Fluent English Proficient (RFEP) has declined about 8% from the 2017-18 to 2018-19 school year, but increased increased slightly by 0.5% from 2018-19 to 2019-20.

Conclusions based on this data:

1. Of the 4 claims, research is the only area that had a decline from 2017-2018 to the 2018-2019 school year. The percent of students in the above standard and at/near standard category for research in 2018-2019 school year (91%) was down one percent from the percent in 2017-2018 school year (92%).
2. The claim that had the largest growth from 2017-2018 to the 2018-2019 school year in the percent above standards and at/near standard was writing. The percent of students in the above standard and at/near standard category for writing in 2018-2019 school year (92%) was up two percent from the percent in 2017-2018 school year (90%). This provides evidence that the school wide focus on writing has had a positive impact on student learning.
3. In the listening claim, although the percent of students in the above standard and at/near standard category remained consistent at 93% from 2017-2018 to the 2018-2019 school year, there was an increase by 6.6% in the above standard category.

Conclusions based on this data:

1. In overall achievement, there was an increase of all students scored in Exceeded and Met the Standard, from 51% in 2017-2018 to 56.4% in 2018-2019. Although we celebrate this growth, we recognize that 21% of all students scored in the lowest category of Standard Not Met and 23% of all students scored in the category of Standard Nearly Met. This indicates that many of Samohi students are struggling to thrive in mathematics.

2. Samohi students were strongest in communicating mathematical reasoning, with 86% earning Above Standard or At or Near Standard. The majority of these students, however, ranked in the At or Near Standard Categories (48%), indicating a need to provide students enhanced opportunity and support in supporting their mathematical conclusions. The weakest claim is concepts and procedures where 73% of all students are Above Standard or At/Near Standard. This claim is the bulk of the test and indicates that students struggle to know what concepts to apply for various problems.
3. Although the weakest overall claim is no longer problem solving, modeling, and data analysis (raised from 73% to 80% of all students are Above Standard or At or Near Standard), there is still need in this area since 45% of students were At or Near Standard. This indicates that students need more opportunities to engage in problem solving and applying mathematics to the real world.

Student Population

This section provides information about the school's student population.

2018-19 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
2857	28.1	5.0	0.3

This is the total number of students enrolled.

This is the percent of students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.

This is the percent of students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.

This is the percent of students whose well-being is the responsibility of a court.

2018-19 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	144	5.0
Foster Youth	8	0.3
Homeless	28	1.0
Socioeconomically Disadvantaged	803	28.1

2. We had a decline in the number of suspensions among the Homeless, Socioeconomically Disadvantaged and Filipino.
3. We had an overall increase of .9% in our suspension rate while our African American and Asian students maintained their previous suspension rates.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

LEA/LCAP Goal

All graduates are socially just and ready for college and careers.

Goal 1

4.4: The percentage of English Learners making progress towards proficiency in English will exceed the state target of 59% as measured by CELDT.

4.5: The English Learner reclassification rate will be no less than 12% by 2020-2021.

8.1: The percentage of secondary students who receive a D or F in their second semester math class will be 10% or less by 2020-2021.

Identified Need

CAASPP ELA and Math Results; AP Results; UC/CSU a-g completion rate; CA Dashboard College and Career

The number of 11th graders meeting or exceeding standard on the CAASPP ELA and Math assessment for Grade 11 will increase 3% overall and decrease the achievement gap by at least 1% for our Hispanic/Latino and Black/African American subgroups.

The percentage of seniors completing an AP test with a score of 3 or higher will increase by 2%.

The percentage of students categorized as "prepared" on the CA Dashboard for College and Career will increase by 2%.

The percentage of students receiving a D/F in math will decrease by 2%.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP ELA Overall	81%	84%
CAASPP Math Overall	56%	59%

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All students will be served by this strategy and the activities that we are doing.

Strategy/Activity

a) Guide and support the growth and efficacy of Samohi’s PLC teams through ongoing PD, collaboration, and support of PLC leaders within each department.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

b) Provide PLC teacher leadership collaboration and planning time to support one another in support of their respective departments. (Formula, 30 hours at \$55.12)

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All students will be served by this strategy and the activities that we are doing.

Strategy/Activity

b) Provide support for department as they implement claims/evidence writing and critical thinking, using nonfiction readings and authentic data, with prompts, readings, and data targeted to each department’s particular curricular goals.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

c) Provide an expert teacher planning and department chair coordination time to develop professional development (PD) in claims/evidence writing aligned to the curricular goals of every department. (Ideally 25 hours at \$55.12)

Strategy/Activity 3

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All students will be served by this strategy and the activities that we are doing.

Strategy/Activity

- c) Provide PD calendar that reflects department, schoolwide/House meetings, thereby enhancing frequency of collaborative planning, review of student work, and development, commitment, discussion, and response to results of common micro formative assessments.
- e) Provide additional planning opportunities to support collaboration around alignment of goals, strategies, grading, and practice.

Proposed Expenditures for this Strategy/Activity

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Due to the impact of COVID-19 pandemic, the CAASPP testing in ELA and Math was suspended in the 2019-20 school year. Given the limited information, it is not possible to comment on the effectiveness of the strategies using CAASPP data.

AP Senior Participation has grown over three years.

34.9 in 2018

42.1 in 2019

43.0 in 2020

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

We intend to continue our cycle of inquiry. There will be modifications made to the way we are conducting our cycles of inquiry. It is important to note in March we had to shift our focus to distance learning because of the pandemic, therefore we did not have the opportunity to fully implement our plan. We also did not use our entire budget because of the pandemic. Therefore we have made modifications to support our professional development and student support while on distance learning.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will have to conduct zoom professional development and PLC meetings because of distance learning. Our school site will create opportunities that will further enhance and grow our understanding of differentiation of instruction during distance learning. We have implemented weekly meeting opportunities for departments prior to the start of the school day. Bank time has

been adjusted to meet the Distance Learning Block schedule. To ensure students engagement and intervention we have blocked out three times a week for Flex-Time and office hours. We will make adjustments to our common assessments and data protocols to garner data that will reflect what our students were able to master. Mastery will look very different this year as we are unable to get to all content within our curriculum.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

LEA/LCAP Goal

English Learners will become proficient in English while engaging in a rigorous, culturally and linguistically responsive standards-aligned core curriculum.

Goal 2

4.6: The percentage of students who pass an AP exam with a 3, 4, or 5 will meet or exceed 70%.
 7.1: The difference between the enrollment rate in AP classes and student demographic enrollment rates for grades 9-12 will be no more than 2% by 2020-2021.
 8.5: The percentage of seniors who graduate with a 3 or higher on at least one advanced placement exam taken during grades nine through twelve will meet or exceed 55%.

Identified Need

The percent of EL students reclassified as English proficient will increase by 1%.

This year, we will increase the percentage of under-represented students (by economic status and ethnicity) enrolling in and remaining in at least 1 AP class for 2020-2021 by 5%.

The percent of seniors who will graduate with a 3 or higher on at least 1 AP exam taken during grades 10 through 12 will increase by 3%.

This year we will increase the percentage of historically underrepresented students (Hispanic/Latino and Black/African American students) who complete AP English Language (by far our largest group of AP students) with a C or better and score a 3 or higher by 5%.

The percentage of 10th, 11th, and 12th graders enrolled in an AP course that take the AP test will increase by 10%.

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Due to the impact of COVID-19 pandemic, not all strategies/activities were able to be implemented to their fullest extent. However, after reviewing the AP Senior Participation data below, it is evident that there has been growth over the last three years.

AP Senior Participation has grown over three years.

34.9 in 2018

42.1 in 2019

43.0 in 2020

The growth can be attributed to the strategies mentioned above in this goal. Specifically, the summer AP Bootcamp support, and more push-in support during class and offered during Flex-Time. Additionally, there was a more intentional focus on the AVID program to support students. The number of tutors was increased due to a partnership with SMC, and AVID tutor training was enhanced as a result of the coordinator attending the AVID conference.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

We were unable to fully implement this plan because of the pandemic. The AP Summer Bootcamp was still accomplished via zoom. We were unable to train our AP teachers as planned. However, we were able to send some to virtual AP trainings during COVID. The AP English teachers were unable to print the English 11 AP practice assessment and give it to the students as we have done in the past. Night Owl tutoring was stopped in the spring because of the pandemic.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will continue with our AVID program, but make adjustments that will allow our tutors to use zoom as a means of support for students enrolled. Meredith Louria and Carolyn Middleton are continuing to support students in the writing center, along with AP intervention through zoom.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

LEA/LCAP Goal

All students and families engage in safe, well-maintained schools that are culturally responsive and conducive to 21st century learning.

Goal 3

4.3: Seventy-five percent of students will graduate from high school meeting the a-g courses required for admission to UC/CSUs by 2020-2021.

4.7: Increase the percentage of students in grade 11 who are classified as "College and Career Ready" as assessed by the CAASPP tests in ELA and Math.

Identified Need

Increase the percentage of students in grade eleven who are classified as "College and Career Ready" as assessed by the CAASPP tests in English Language Arts (ELA) and Mathematics by 3%.

Improve the percentage of students who graduate meeting a-g courses required for admission to UC/CSU by 5%.

Due to the impact of COVID-19 pandemic, the CAASPP testing in ELA and Math was suspended in the 2019-20 school year. Given the limited information, it is not possible to comment on the effectiveness of the strategies using CAASPP data or the California Dashboard.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

We were unable to fully implement our plan. The college and career counselors did not have the opportunity to take the most vulnerable students on a in-state college tour. Money was allocated for the Model UN and Civic Inquiry, but were not able to have the activity with our social studies students. Our work with our the PLC's was stopped and the cycles of inquiry was disrupted as we moved into the pandemic.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We are continuing to do a modified version of the Cycles of Inquiry within the departments. College Counselors and students are taking virtual visits. We are uncertain about continuing Model UN during distance learning.

Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

Budget Summary

Description	Amount
Total Funds Provided to the School Through the Consolidated Application	\$
Total Federal Funds Provided to the School from the LEA for CSI	\$
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$214,501.75

Other Federal, State, and Local Funds

List the additional Federal programs that the school is including in the schoolwide program. Adjust the table as needed. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Allocation (\$)
American Book Drive	\$2,748.00
District Funded	\$19,400.00
Parent-Teacher Association (PTA)	\$18,700.62
Site Formula Funds	\$98,328.88
Stretch Grant (Ed Foundation)	\$75,324.25

Subtotal of state or local funds included for this school: \$214,501.75

Total of federal, state, and/or local funds for this school: \$214,501.75

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 8 Classroom Teachers
- 1 Other School Staff
- 4 Parent or Community Members
- 6 Secondary Students

Name of Members	Role
Shelton, Antonio	Principal
Barikhan, Cecilia	Secondary Student
Barikhan, Nicole	Secondary Student
Chapman, Amy	Classroom Teacher
Cruce, Marae	Classroom Teacher
Ford, Laura	Parent or Community Member
Garcia-Hecht, Veronica	Classroom Teacher
Hernandez, Alejandra	Secondary Student
Jauregui, Xavier	Classroom Teacher
Jonsson, Victoria	Secondary Student
Knauf, Christopher	Parent or Community Member
Koehler, Kyle	Classroom Teacher
Kushi, Karen	Parent or Community Member
O'Brien, Diane	Other School Staff
Okla, Kelly	Classroom Teacher
Pantallion, Ayanna	Classroom Teacher
Rothschild, Rachel	Secondary Student
Snyder, Charlie	Secondary Student
Von Schreiber, Helene	Parent or Community Member
Snyder, Breanna	Classroom Teacher

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
	English Learner Advisory Committee
	Other: IPC

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on October 13, 2020.

Attested:

	Principal, Dr. Antonio Shelton on October 13, 2020
	SSC Chairperson, Mrs. Marae Cruce on October 13, 2020

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
