 - Suspensions (Slides: 82-83)
- Each team identified the highlights and stretches for their goal. They then shared with all the committee members.
 - ❖ **Highlights:**
 - Administered interim assessments (created by teacher teams) across most grade levels and use data to target specific areas of improvement
 - Have multiple sources of data to triangulate on areas of need for each grade level
 - Have the ability to identify best practices across grade level and subgroups

SANTA MONICA - MALIBU UNIFIED SCHOOL DISTRICT

❖ Areas of Need:

- Hispanic, African American, Special Education, Socio Economically Disadvantaged and English Learner subgroups lag behind other student groups. Perhaps have data specific to each group to analyze if the specific programs/efforts are making a difference.

▪ **Adjournment: 6:00pm**
