Team Building

Soaring into the new year!

- On one sheet of paper do the following:
 - Write your name.
 - Write down three words to describe this past semester (Fall 2019).
 - Write something you are looking forward to between now and the end of the school year.

LCAP: Taking a Dive into our District-Wide Q2 Lead Data

LCAP: One Unifying Plan

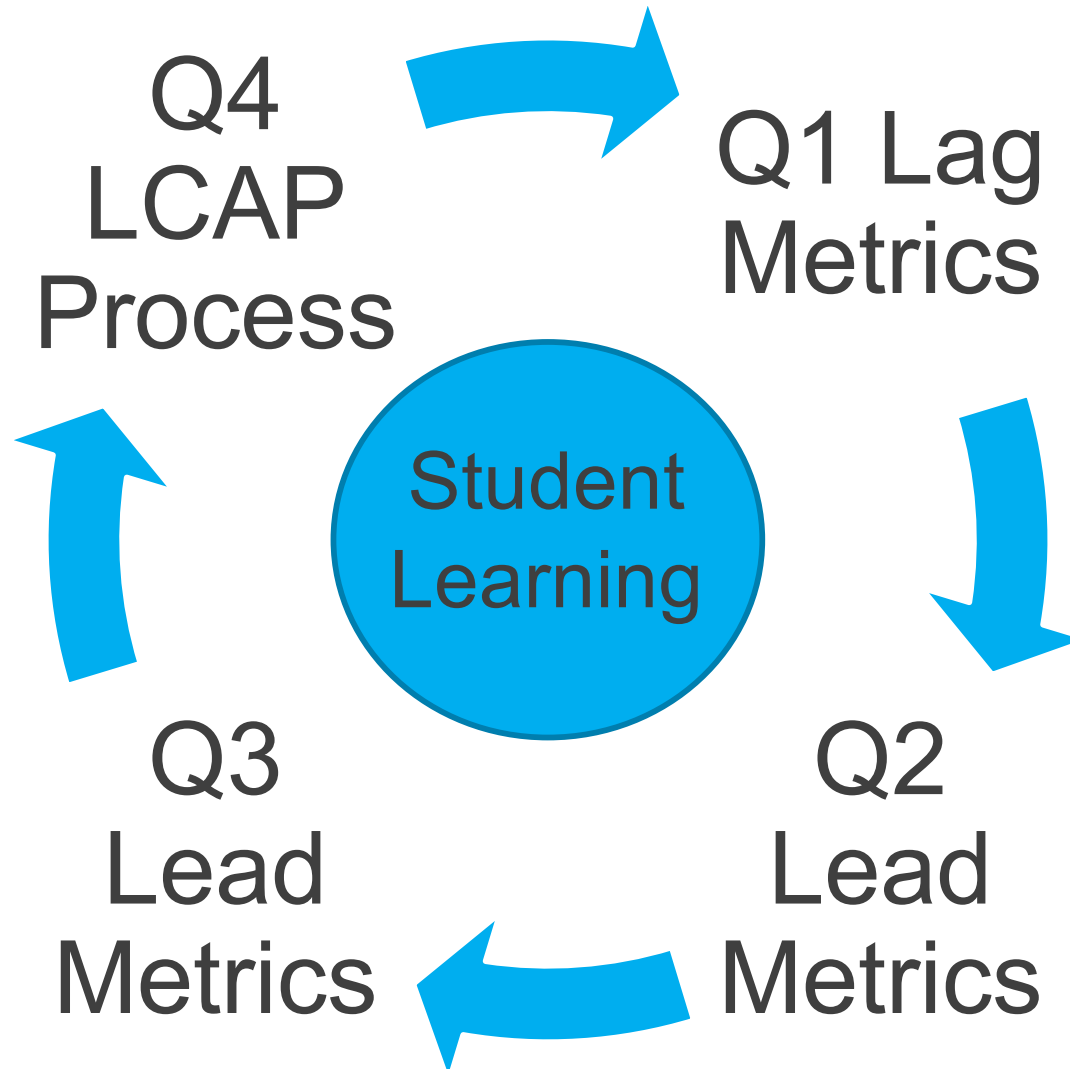

2019-20 LCAP Goals

- G1: All graduates are **socially just and** ready for college and careers
- G2: English Learners will become proficient in English while engaging in a rigorous, **culturally and linguistically responsive**, standards-aligned core curriculum
- G3: All students **and families** engage in safe, well-maintained schools **that are culturally responsive and conducive to 21st century learning**

SMMUSD Cycle of Inquiry

Q2 Lead Metrics/Indicators

- **Goal 1 and 2:**

- Fall Interim Assessments ([slides 24-69](#))
- FastBridge earlyReading (Gr. K-1) and aReading (Gr 2) Assessments ([slides 40-46](#))
- Course Grades (Gr. 6-12) ([slides 58-69](#))

- **Goal 3:**

- Absenteeism ([slides 72-81](#))
- Suspensions ([slides 82-83](#))

Deep Dive Into Our Lead Data

- In Goal area teams review data and identify the following:
 - Greatest progress (highlight)
 - Greatest need (stretch)
- Chart findings
- Prepare to share out

2019-20 Goal Teams

- Goal 1a: Sam Koshy, Claudia Bautista-Nicholas, Steve Richardson, Devon Smith, Riley Martelle

- Goals 1-11 Focus on ELA

- Goal 1b: Rosa Serratore, Hayde Cervantes, Amy DiDario, Lupe Ibarra-Smith, Zakiya, Satinder Hawkins

- Goals 12-22 Focus on Math

- Goal 2: Deanna Sinfield, Yvonne Kyle, Berenice Onofre, Amy Teplin, Andrea Ware

- Focus on ELA and Math

- Goal 3: Bertha Roman, Nancy Gutierrez, Lissette Bravo, Freda Rossi, Ann Maggio

Q2: Initial Findings

Areas of Success

- Participation rates for most grade levels have increased in comparison to Fall 2018 rates
- Students in early grades are getting exposure to testing technology in a non-high stakes setting
- Suspensions for Possession, Use, Sale, or Furnishing a Controlled Substance, Alcohol, Intoxicant is lower in comparison to last year

Areas of Need

- English Language Arts (ELA) participation rate for Grades 3 and 11 are lower than average. ELA and Mathematics participation rates for Grade 6 are lower than average
- Some teachers administered the wrong math Interim Assessment Block (IAB) to students
- Student interim performance and course grades for Socioeconomically Disadvantaged Students (SED), Students with Disabilities (SWD), English Learners (EL), African American, and Latinx student groups continue to lag behind other student groups
- Math performance lags behind ELA for all student groups
- Student performance on the interim assessments and grades are correlated with attendance - chronically absent students lag behind other peer groups
- Percent of SED students suspended is higher in comparison to last year

Q2: Promising Staff Practices

- Based on staff feedback, the interim window was extended to allow teachers enough time to hand score English Language Arts Interim Assessment Block (IAB) student responses, thereby increasing participation rates
- Staff are engaging in item analysis to determine instructional next steps:
 - Expose students to higher depth of knowledge (DOK) level questions and “multi-select” item type questions
 - *Scaffold student learning by providing appropriate exemplars [For example, having students analyze and interpret graphical relationships (analysis) before asking them to create one or design an experiment (synthesis)]*
 - Determine most frequently missed question and survey students to determine what was confusing about the content or format of the questions
 - Create common academic language across grade level and content areas to help students make connections across content areas
 - Math grade level teams are looking into choosing “Focused IABs” when appropriate to better tailor assessment to instructional calendar

Q2: Promising Staff Practices

- Analysis of Mathematics Interims during School Leadership Team professional learning day 2 with Innovate Ed to provide opportunity to triangulate data and identify possible next steps
 - School Leadership Teams (SLT) discussed how their School's Implementation Plan (SIP) strategic focus supports math
 - Exploring how to provide learning experiences for students to engage in more complex performance tasks
- Finalizing intervention modules to provide students scoring a 1 or 2 on the Mathematics portion of CAASPP to launch in a few weeks
- Professional learning opportunities for Literacy Coaches in Cognitively Guided Instruction (CGI) in Mathematics that focused on what to look for when supporting teachers in this content area
 - Leverage the ELA/ELD frameworks expectation that all content area teachers are also responsible for teaching literacy
 - Literacy as an entry point to support mathematics instruction
- Provide ongoing professional learning opportunities for principals on what to look for when observing ELD and Mathematics instruction
- Provide ongoing professional learning opportunities in Restorative Justice to address the disproportionality of suspension for Socioeconomically Disadvantaged (SED) students
