VI. New Business (10)

- a. Curriculum Discussion – Assistant Director, Reham Dabash, shared a presentation about the current PK curriculum; the program we work with is Creative Curriculum. Utilized for reviewing studies and providing teachers with organized information about lesson planning. However, our preschool program also reviews the Preschool Foundations and then uses inspiration from the Reggio Emilia experiences to support inquiry based and STEAM type of learning opportunities. DAC member Raven Kras thanked the team for bringing the curriculum information up; she expressed concern about teacher fidelity regarding teacher expectations – and wondered how our programs ensure teachers are following through in each classroom; Reham Dabash shared we have an Early Learning coach and also admin observations and teacher meetings support continuity across teachers. Member Kras also shared that really early childhood development begins before preschool. Need to remember that a lot is done before students enter preschool and we need to address/consider some of what happens. Finally, a discussion was had about the ASQs and how those home assessments are ways in which parents support and participate in teachers understanding of student development.
- b. State Monitoring for 2020-2021 – we still have not yet been told when we will be monitored, but it will be this school year. Everything will be virtual but we will have interviews, etc...DAC members may be interviewed, but will be notified in advance if this is the case.
