## **Superintendent's Message: SMMUSD offering vaccine clinics at three schools**

Dear Parents, Guardians, Staff, Students and Community Members,

SMMUSD, in a partnership, is offering vaccines to everyone age five (5) or older at three schools, two in Santa Monica and one in Malibu, over the next several weeks. This will allow students, parents, staff and community members the opportunity to register for their first, second and or booster vaccine at a nearby school. This is our second in a series of clinics in December and January. Our first set of clinics provided more than 700 vaccines to students, parents and community members!

**Vaccinations will be offered as follows, with QR codes or links for these clinics on the following pages. Please make sure you use the codes for your preferred school site:**

**Dec. 21 @ John Adams Middle School (JAMS)**, 9 a.m. – 1 p.m. – 2425 16<sup>th</sup> St. Santa Monica (enter parking lot on 17<sup>th</sup> Street, back of school.)

**Dec. 22 @ McKinley Elementary School**, 9 a.m. – 12 p.m. - 2401 Santa Monica Blvd. Santa Monica (Staff parking lot off Chelsea)

**Dec. 22 @ Malibu High School**, 2:30 – 5 p.m. – 30215 Morning View Dr. Malibu (Parkinglot via ramp at south end of campus on Morning View Dr.)

Every person wishing to be vaccinated must pre-register for location, date, time, name and age through by using the codes / links on the following pages as they are not posted publicly on the MyTurn system. Students 5-17 are eligible for Pfizer vaccine only, and 18 and over may select between Pfizer or Moderna. If insured, insurance information will be requested in the registration process. Students 5-17 will need a parent with them and a consent form will be provided for parent signature at the vaccination clinic. Here is the consent form in advance if you would like to bring it to the appointment: [English Spanish](#). Anyone now 17 and older may receive a booster, six months after their second dose. Note that 17- and 18-year-olds are only eligible for the Pfizer booster at this time.

Additional dates for those that can't come to the dates above will be the week we are back from winter break:

Jan. 4 @ John Adams Middle School  
Jan. 5 @ McKinley Elementary School  
Jan. 6 @ Malibu High School  
All 2:30 p.m - dusk

We are using *The Safe Set* as our vaccination provider. This is the same provider as LAUSD, and approved by the Los Angeles County Department of Public Health. Many other locations are offering vaccinations. This [LACDPH website](#) provides more information and required proof to get a vaccine. Your own medical providers may also have vaccines available.

Please note that regardless of appointment to be in the system, you may experience a wait. We are improving our system for those with appointments. We appreciate your patience as we all work together to achieve more protection with a highly vaccinated community. If you show up on the day of the clinic without an appointment, you may be vaccinated, but will be directed to a longer line with a longer wait. Keep in mind that if you get your first dose at either upcoming clinic, you will have to seek another provider for the second dose as SMMUSD does not have additional clinics planned at this time.

We continue to encourage vaccinations for everyone age five and up. Our staff is now fully vaccinated. Student vaccinations in secondary schools have reduced the number of students out on quarantine due to exposure. We are looking forward to our elementary students having the opportunity to continue to be in school, when an occasional positive case arises, instead of being sent home to quarantine as a result of LACDPH protocols even with no symptoms.

Thank you for doing what is best to keep your family safe and your community safe.

Sincerely,

Dr. Ben Drati, Superintendent
