Approval of minutes. Lise made a motion to adopt the minutes. Elissa seconded the motion. Discussion offered. No requests for discussion. All in favor. Minutes adopted as presented.

Logo discussion. Reminder of items that we want to be sure are in the logo. We could go through the logos and eliminate or pull pieces from the ones that we like.

Do we want the logo to say Malibu Middle School? Or just Malibu Middle?

Tania likes #6, ok with MMS.

If we do a circle, then use Malibu Middle School. Maybe keep the manta ray and the palm tree?

We want it to say Malibu Middle School. We like #17. Discussion of colors. Keep the black and teal and maybe add another color? Maybe add a beach sunset color.

Student liked #12 and not a fan of teal with orange. #12 is simple. Instead of MMS, use Malibu Middle School.

We decided to remove 8, no palm trees. Malibu Little League and Webster have palm trees.

We like #6, #12, #16, #17

Notes for Hunter:

Must say Malibu Middle School

Colors: Teal, Black, and color of sun (maybe yellow? Or give us a suggestion?)

We like the M- formed with the manta ray

Like the simplicity of #12 (include the full outline of the tips of the wings)

We like the manta ray and the sun.

No angry face on manta ray.

#16- Bring the "middle school" up below the Malibu

Maybe combine #12 and #17 with the M as the top of the manta ray

Must Haves in the logo:

- Malibu Middle School
- Should be simple
- Not cartoonish
- Be sure to use a Manta Ray (not a different type of ray)

Meeting ended at 4:34pm
