#### **RULE 12.2.4.B: SALARY ON EMPLOYMENT**

A new employee may request or be recommended for Advanced Step Placement within the first sixty (60) working days during the probationary period. If the new employee is granted Advanced Step Placement, the salary rate shall be retroactive to the date of entry in the classification. The request or recommendation shall be submitted, in writing, to the Director of Classified Personnel. The Advanced Step Placement is subject to the recommendation of the Director of Classified Personnel and approval of the Commission. The Director of Classified Personnel shall base the recommendation on a determination that the new employee's previous experience and qualifications substantially exceed the qualifications of the classification.

#### 16.3 Step Advancement

- 16.3.1 Upon entering employment on Step A, each regular classified unit member, after satisfactory completion of the first six (6) months in a permanent position, shall advance to the next step on the appropriate range of the salary schedule. Thereafter, he/she shall advance one (1) step on the salary schedule upon completion of each year of continuous and satisfactory service until the maximum salary is reached.
- 16.3.2 Upon entering employment on Step B or higher, each regular classified unit member shall advance to the next step on the appropriate range of the salary schedule after the completion of one (1) year of satisfactory service and in one (1)-year increments thereafter until the maximum salary is reached.
  - 16.3.2.1 The parties agree that there shall be a single classified salary schedule upon which all unit members shall be compensated.
- 16.3.3 Salary advancement shall be computed only on the first (1<sup>st</sup>) of each calendar month. When an anniversary date falls on or before the fifteenth (15<sup>th</sup>) of the month, the increment shall be figured on the first (1<sup>st</sup>) of the month. When the anniversary date falls after the fifteenth (15<sup>th</sup>) of the month, the increment shall be figured the first (1<sup>st</sup>) of the following month.

#### 16.4 Advanced Step Placement:

A unit member may request or be recommended for Advanced Step Placement within the first sixty (60) working days during the probationary period. If the unit member is granted Advanced Step Placement, the salary rate shall be retroactive to the date of entry into the classification.

- 16.4.1 Unit members being promoted may be offered advanced step placement upon the supervisor's request. This request shall be supported by at least one of the following criteria:
  - a. Unit member was originally hired in an entry level classification in which Advanced Step Placement was not offered; and/or
  - b. Recruitment difficulty as evidenced by failure to obtain a rank of three (3) through the testing process, or a lack of qualified applicants as determined by the Director of Classified Personnel.

#### 16.5 Salary on Promotion

- 16.5.1 When a unit member is promoted to a position in a higher salary range, he/she shall receive the next higher dollar amount above his/her present rate of pay, but not less than the minimum of the new salary range. If that amount is less than a one (1) step (5%) increase, the unit member shall be placed at the next higher step over that authorized above.
- 16.5.2 Some unit members promoted at step A shall advance one (1) step after satisfactory completion of a six (6) month probationary period. Therefore, he/she shall receive regular annual salary increments in accordance with Article 16.3.
  - A unit member promoted at step B or higher, shall advance one (1) step after satisfactory completion of one (1) year of service, which includes a six (6) month probationary period. Thereafter, he/she shall receive regular annual salary increments in accordance with Article 16.3.2.
- 16.5.3 When it is to the unit member's financial advantage to retain his/her regular anniversary date, it shall be retained. When it is to the unit member's disadvantage to retain his/her anniversary date, the date he/she is promoted to the higher class

# PERSONNEL COMMISSION Regular Meeting: Thursday, June 13, 2019

AGENDA ITEM NO: III.A.03

SUBJECT: Work-Out-of-Class Request – Administrative Assistant for Patsy Herschberger

#### **BACKGROUND INFORMATION:**

The Personnel Commission received a Working out of Class request from the incumbent Administrative Assistant in the Food and Nutrition Services department on January 11, 2019 and an investigation was initiated to determine if the duties claimed by Ms. Herschberger in her request are at a higher level than her current classification. Ms. Herschberger has held a permanent position with the district since January 1994 and has been the Administrative Assistant for the Food and Nutrition Services Department since July 1997.

The Food and Nutrition Services department oversees the preparation, delivery, and distribution of meals to students at all of the District's schools, child care, and learning centers including free or reduced-costs meals for qualifying students. These sites operate under the guidance of District Office support, which consists of the Director of Food and Nutrition Services, an Accounting Technician, and an Administrative Assistant. Ms. Herschberger reports directly to the Director, Mr. Richard Marchini.

In the past, the Food and Nutrition Services department had an additional supervisory position at the District Office, a Food Services Operations Supervisor. The current Director was hired in January 2018, and in March 2018 the operations supervisor position was eliminated. As Mr. Marchini settled into his new role, the incumbent Ms. Herschberger received working out of class compensation from March to June 2018, to take on a portion of Food Services Operations Supervisor duties and assist Mr. Marchini as he gained knowledge and understanding of district operations.

A new request for working out of class compensation was submitted in January 2019, wherein Ms. Herschberger claims that she has continued to perform duties at a higher level than her Administrative Assistant role, even since the end of her working out of class compensation in June 2018.

#### **METHODOLOGY:**

In carrying out this study, staff conducted the following activities:

- Reviewed the Working out of Class Request submitted to the Personnel Commission by Patsy Hershberger (1/11/19) and additional information provided at the request of Director of Classified Personnel, Eric Rowen (2/14/19).
- Reviewed the classification specifications for Administrative Assistant, Food Services Operations Supervisor, and other relevant positions within the district.

• Held multiple meetings and informational interviews with Ms. Herschberger and the Director of Food and Nutrition Services, Mr. Marchini.

#### **ANALYSIS:**

- Analyzed the list of duties and responsibilities claimed by the incumbent to be outside of the Administrative Assistant classification.
- Created task matrix with related classifications for purpose of comparison.
- Reviewed and analyzed information collected during interviews with the incumbent and supervisor.

#### **FINDINGS:**

Based on the information submitted by Ms. Hershberger and verified in subsequent interviews, the duties claimed to be outside of the Administrative Assistant classification by the incumbent can be summarized in four categories:

- A. Notifying staff of substitute assignments and directing them to work locations.
- B. Coordinating equipment maintenance and deliveries with vendors.
- C. Preparing menus for school sites.
- D. Entering data for Food Transport Records to track food preparation supplies and costs.

In applying the standards of the Merit Rules and SEIU collective bargaining agreement, Personnel Commission staff reviewed these duties to determine if they would be considered "at a higher level" than the Administrative Assistant classification. In this case, while the aforementioned duties may be atypical for many Administrative Assistant positions, all were found to be sufficiently similar to duties performed by other positions and classifications in the District at or below the compensation level of an Administrative Assistant.

With regards to each category listed above:

- A. In several departments including Human Resources, Maintenance and Operations, Special Education, and the Personnel Commission, substitute assignments are coordinated by Administrative Assistants, Human Resources Technicians, or Senior Office Specialists. These classifications are all at or below the compensation level of Administrative Assistant.
- B. In most departments, an Administrative Assistant or clerical position will monitor maintenance agreements, make calls, and coordinate delivery and repairs for equipment essential to their department's operations.
- C. While this task may have been completed independently by a Food Services Operations Supervisor in the past, Ms. Herschberger's role in typing and distributing menus for sites does not reach the level of responsibility and independent discretion that it would at the supervisory level. When Ms. Herschberger types and distributes menus, she does so under the guidance of the Director or other Food and Nutrition Services staff, whereas the Food Services Operations Supervisor would make independent decisions to ensure menus are

- developed in accordance with state and federal guidelines. Additionally, preparing similar documents for distribution throughout the district is a duty found in other departments at the level of Administrative Assistant
- D. Similar to duty category (C), this task may have been completed independently by the Food Services Operations Supervisor in the past, but the level of analysis and decision making required for maintaining Food Transport Records does not exceed the responsibilities of an Administrative Assistant. While the records may require specialized knowledge in the area of Food and Nutrition Services (including supply levels and components required in meal preparation), Ms. Herschberger regularly contacts the Director or site-based Coordinators with any questions. Additionally, record-keeping and data entry are typical duties found in other departments at the level of Administrative Assistant, Senior Office Specialist, or specialized "Technician" positions at or below the compensation level of an Administrative Assistant.

#### **DISCUSSION**

When Ms. Herschberger was initially granted working out of class compensation from March – June 2018, the Food and Nutrition Services department was transitioning between Directors and a new organizational structure that removed a Food Services Operations Supervisor position. Since that time, the incumbent has taken on duties that may be atypical of an Administrative Assistant, but they have been carried out in a manner that is not at a "higher level" than her current classification.

It should be noted that the elimination of the Food Services Operations Supervisor position in the Food and Nutrition Services department leaves the Director, Richard Marchini, as the only supervisory position in the department. Additionally, this change leaves the District Office with only one (director-level) position requiring the technical food and nutrition services knowledge required to support sites. While the incumbent's request for working out of class compensation does not meet the requirement of "assigned duties at a higher level", her noted frustration with the department's functions may indicate a need for the district to reconsider the department's organizational structure and examine current workload levels among staff.

#### **DIRECTOR'S RECOMMENDATION:**

Personnel Commission staff recommends that Ms. Herschberger's request for working out of class compensation should be denied.
