**VIII PUBLIC COMMENTS**

Public Comments is the time when members of the audience may address the Board of Education on items not scheduled on the meeting's agenda. All speakers are limited to three (3) minutes. The Brown Act (Government Code) states that Board members may not engage in discussion of issues raised during "VIII, Public Comments" except to ask clarifying questions, make a brief announcement, make a brief report on his or her own activities, or to refer the matter to staff. This Public Comment section is limited to 20 minutes.

u Ms. Lora Morn addressed the Board of Education regarding the Circle of Friends Club at Santa Monica High School and requested that the Board consider establishing a program versus continuing this activity as an after school club. She stated that the Club has been very successful in developing socialization skills for special needs students and she would like to see it expanded into a regular class program.

## IX COMMUNICATIONS

The Communications section provides an opportunity for the Board of Education to hear reports from the individuals or Committee representative listed below. All reports are limited to 5 minutes or less. However, if more time is necessary, or if a report will not be presented, please notify the Board secretary eight work days prior to the date of the meeting.

### A. STUDENT BOARD MEMBERS REPORTS:

< Ms. Mari Sahba shared her success in moving a year ahead in credits toward early graduation, a goal she is actively pursuing. She will move on to college as soon as she is able to graduate. Ms. Sahba reported that students are very pleased with their new principal, Ms. Gates.

< Ms. Naomi Vasquez stated that she looked forward to working with the Board for the coming year. She reported that the entire student body was encouraged to read, Yellow Raft in the Blue Water, over the summer. A variety of activities have been planned around this book. For those students who have not read the book, additional opportunities are being made available so that every student completes the book.

Registration at Santa Monica High School went smoothly and very few students had scheduling problems this first week of school.

Samohi's first football game is scheduled for Friday, September 10. An Art Show will take place on Wednesday.

< Camden Vilkin reported that students are welcoming a new administrative staff at Malibu High School that includes new principal, Dr. Kelly, two new Assistant Principals; Suzanne Webb-Monastero and Matt Horvath, new counselor and new teachers. She further stated that there are only two counselors for the entire school which impacted the rate at which schedule changes could be accomplished.

The Current, the Malibu High School newspaper, published its first edition for the year on Wednesday. A middle school newspaper will also be published this year with high school students working with middle school students. Several new classes are being offered this year including the History of Film and Film Production.

Lastly, Camden introduced Ms. Kitty Smith, who will serve as this year's Student Board Member from Malibu High School.

### B. SMMCTA Report - no report

**C. SEIU Report**

Ms. Keryl Cartee, Chief Steward, stated that she was excited to welcome everyone back to a new school year. She reported that SEIU is launching a campaign to reach out to every union member to make the work place a better place for employees.

Ms. Cartee has been appointed to fill the seat on the SEIU Board of Directors which was vacated by the untimely passing of Mr. Richard Bartolomeo. She will work with cultural affairs and community outreach.

A committee will be formed to develop criteria for awarding scholarship(s) from the Richard A. Bartolomeo Scholarship fund which is being handled by the Education Foundation.

Lastly, Ms. Cartee stated that SEIU is looking forward to working with district staff this year. She further stated, “Classified staff works hard to make others look good.” The Stewards’ Council will be working on a strategic plan which will “re-identify and re-claim the sense of purpose for Classified Employees in the District.”

**D. SMMCouncil PTSA Report - no report**

**X SUPERINTENDENT’S REPORT**

< Opening of School - Update

Dr. Deasy reported that the district had a great opening this year, with all classes running well. There were intensive professional development sessions prior to the opening of school. Dr. Deasy thanked Dr. Muncey for developing the program for staff on September 3 which focused on instructional strategies for high achievement. Professional development for secondary, grades 6-12 provided AVID Instructional strategies in English, Math, Science, Social Science, Foreign Language/English Language Development, Fine Arts, PE and Technology. The focus at the elementary level, grade 5, was on the AVID Pathway and for grades K-4, the focus was on effective instructional strategies. Child Development staff worked on behavioral support and interventions. Special Day Class staff worked on standards-based instruction—essential standards, functional curriculum and worked with the new procedural manual

• Edison Playground - Anticipated Completion Date

As a follow-up to a question from the August 26, 2004 Board Meeting, Dr. Deasy provided the following information. The new “upper grades” play structure was installed at Edison Elementary School during Prop. X to replace the wood play structure. Although the wood play structure was slated for removal during Prop. X, the Edison Site Governance Council decided to retain the structure. Currently, the site has not requested that the wood play structure be removed, although the site has discussed the option of removing it during the “Lantana” playground

improvement project. Inspections of the unit has not uncovered an unsafe condition, however, because the structure is made of wood, those using it have the possibility of getting splinters. Principal Ernesto Leon, staff and children continue to enjoy the play structure and would like to keep the unit for now. The Lantana improvement project may include removal of the wooden play structure, concrete curb and sandbox to permit an expansion of the grass playfield.

- Wild Oats - 5% Day - Donation to Food Services Department - **September 13!** Lastly, Dr. Deasy announced that Wild Oats markets in Santa Monica will donate 5% of its income on September 13 to the Santa Monica-Malibu Unified School District and encouraged everyone to participate.

RE: MULTI SCHOOL TEAM STATUS - CIF  
MALIBU HIGH SCHOOL AND CONCORD HIGH SCHOOL

RECOMMENDATION NO. A.14

It is recommended that the Board of Education deny the request for multi-school team status in Boys' Cross Country (CIF Rule 302) for Malibu High School and Concord High School.

COMMENT: At the Board meeting on August 26, 2004, a family in the district petitioned the Board of Education to approve a form for the CIF (California Interscholastic Federation) that would allow students who live in the Malibu attendance area and attend Concord High School to be eligible for the Boys' Cross Country Team at Malibu High School.

If the SMMUSD Board of Education approves this request, it must then be approved by the principal of Malibu High School, the principal of Concord High School, the presidents of the Boards of Education for the district and Concord High School, representatives of the Frontier League, and the Commissioner of the CIF.

In investigating this issue, staff spoke with the athletic directors at Malibu High School and Santa Monica High School, with an elected officer of the Southern Section of the CIF, and with the commissioner of athletics of another CIF section.

The reason for approving this multi-school status form in this case is that the student applying for the status has attended Malibu High School for two years and has had no disciplinary record.

However, staff sees several reasons why the Board should consider not approving the multi-team status.

! Although this student has no discipline infractions, the Board would have no control over the character of other students from Concord High School who might become eligible for the team.

! The district school would have the added burden of using the academic, attendance and behavioral records of the private school to determine eligibility.

From Rule 302:

*The administrative responsibility for all students involved in athletics shall rest with the principal of the CIF member school for which the students(s) is competing.*

- ! Students on the team would not have the same level of academic standards required to participate on the team.
- ! There may be liability questions when the student was driving from the private school to the district school to get to practice or a competition.
- ! The private school could state that their school has the added advantage of allowing its students to compete in CIF sports while assuming none of the costs or responsibilities.
- ! The district would open the door to further requests from students living in our attendance area and attending private schools without CIF sports, thus an approval would set a precedent.
- ! The District would bring the issue to the athletic leagues, which would then have to decide in each case what to do. The issue would bring up issues of competitive advantage and precedence. In the history of the Frontier League, there has not been one case of this rule even being brought before the League. In speaking with a CIF elected officer, she could not recall a public school district ever attempting to form a multi-school team with a private school.
- ! There is a differentiation between this request and requests from students in accredited home school situations where the district has certain obligations found in the Education Code.

Staff recommends that this request be denied as it is an inappropriate policy consideration because of the factors listed above.

RE: TEMPORARY MODIFICATION OF BOARD POLICY SECTION 1330 (a)  
COMMUNITY RELATIONS-USE OF SCHOOL FACILITIES, SCHEDULE  
OF CHARGES-USE OF FACILITIES

RECOMMENDATION NO. A.16

It is recommended that the Board of Education approve and adopt a Temporary modification of BOARD POLICY section 1330 (a) COMMUNITY RELATIONS USE OF SCHOOL FACILITIES-Schedule of Charges-Use of Facilities for the fiscal years 2004-2005 and 2005-2006. (See Attachment "A". Temporary Modification of COMMUNITY RELATIONS USE OF SCHOOL FACILITIES-Revised Schedule of Charges-Use of Facilities).

COMMENTS: The current SMMUSD Schedule of Charges for Field Use was adopted at the June 12, 2003 Board of Education Meeting. At that time Board directed staff to suspend fees for field users at John Adams and Lincoln Middle Schools for one year or until the City of Santa Monica implemented it's new field fee schedule plan. Santa Monica City Council approved implementation of field fees and a schedule on June 15, 2004.

Working together, District and City Staff have created a plan to temporarily modify the School District rate to match the City's. This will be enforced at the City permitted field space at John Adams and Lincoln Middle Schools through the 2005-2006 fiscal year.

The District will assign a block of non-school field use time to City. City will include District field space in available field inventory when allocating and permitting space to non-profit youth sports user groups. The City will permit the space in coordination with District staff. City will charge for the District field space at the modified hourly rate, which is substantially lower than the District hourly rate. The City will send payments of fees paid by the permitted users at each site to the District. The plan will accommodate the youth sports user groups need for additional space, help the City implement it's field fee charges and provide the District some revenue to help cover cost of permit monitoring and custodial services.

RE: NOMINATIONS FOR MEMBERSHIP TO THE LOS ANGELES COUNTY  
COMMITTEE ON SCHOOL DISTRICT ORGANIZATION - FIRST,  
FOURTH AND FIFTH SUPERVISORIAL DISTRICTS

RECOMMENDATION NO. A.17

It is recommended that the Board of Education consider nominations to the Los Angeles County Committee on School District Organization. Nominations are to be forwarded to the Los Angeles County Office of Education by September 17, 2004.

COMMENT: LACOE Informational Bulletin #65 has been provided to members of the Board. It includes guidelines for the nomination process, election process and maps of the supervisorial districts in which the vacancies will occur in October of 2004.

Employees of school and community college districts and the Los Angeles County Office of Education are excluded from membership on the County Committee.

A member of a school or community college district governing board who is otherwise eligible, may simultaneously serve as a member of the County Committee.

The election is an at-large election. The voting representative from each district governing board will cast a vote for each vacant position. It is not necessary for a district to fall within the boundaries of a supervisorial district where a vacancy exists in order to make a nomination or to cast a vote.

RE: 2003-04 UNAUDITED ACTUAL FINANCIAL REPORT

ACTION/MAJOR  
9/09/04

RECOMMENDATION NO. A.18

It is recommended that the Board approve the 2003-04 Unaudited Actual Financial Report pursuant to Education Code §42100.

COMMENTS: The District's *2003-04 Unaudited Actual Financial Report* is being filed with the Los Angeles County Office of Education pursuant to Education Code §42100. All data contained in the report will be subjected to final audit by the District's independent auditor, Roy J. Blair, Certified Public Accountant. The complete report was included in the printed Agenda as Attachment A. The report is on file in the Fiscal Services Office.

The Santa Monica-Malibu Unified School District concluded the 2003-04 school year with a \$4,669,608.24 General Fund balance. The unrestricted portion of the General Fund balance is \$2,855,132.15. All of the available balance is designated for the Reserve for Economic Uncertainties, as required by the California Education Code. The Budget Act of 2003-04 granted a flexibility component that reduced the Reserve for Economic Uncertainties to 1.5% (instead of the usual 3%) for both 2003-04 and 2004-05. The Reserve requirement at 1.5% is \$1,543,689.84 and if it were at the 3% level, it would be \$3,087,379.68 for the 2003-04 fiscal year.

Another flexibility component of the 2002-03 Budget Act was the provision that allowed school districts the ability to transfer categorical reserves into unrestricted reserves, to the extent that school district's state revenues were reduced in 2002-03. Sixteen categorical program reserve balances were transferred into unrestricted funds as part of last year's closing. These balances have not been totally spent and are still part of the District's unrestricted reserve amounts. The total of these transfers was \$1,059,832. This total is part of the unrestricted General Fund balance of \$2,855,132.15.

The total operating expenditure over budget for the year was \$1,427,986.00. The District's reserves were used to fund this excess of expenditures over revenues. This year's expenditure over budget is considerably smaller than last year's amount of \$4,419,573.69. The District will not have the ability to sustain a similar event this year and meet the 3% reserve requirement.

I would like to read a statement about my vote on the Equity Fund.

Last spring, when the board voted whether the Equity Fund discussion should proceed as a mandatory fund or a voluntary fund, I explained in detail why I favored a voluntary fund. My position then, and now, is that a voluntary fund would be something every family, business and donor in the district would support, that it would have the potential for raising a much larger amount of money than a mandatory fund, and that it would require much-reduced administrative entanglements and discretionary decisions about exemptions and other issues related to the fund. Another overriding concern was the alienation of those who oppose the mandatory approach.

The proper course, I believe, would have been the quick establishment of a voluntary Equity Fund. I believe it would have served as a catalyst for unity in our great district and rallied all of us around a cause we all deeply believe in. I believe we would have already had hundreds of thousands of dollars in this fund, perhaps more, and would not have alienated those in both Malibu and Santa Monica who oppose a mandatory process. To the contrary, they would have enthusiastically joined the campaign at that point. A voluntary fund would have preserved the option for a mandatory fund: After a year or two of assessment of the effectiveness of a voluntary fund, then there would naturally be wide support at that point for a mandatory fund if the voluntary fund had not been successful.

I want to make something crystal clear: I support an Equity Fund. In fact, I am passionate about the equity issue in our district and, like our superintendent and all of my fellow board members, have made it a top priority in my work as a board member. Ironically, in my view, because we did not first try a voluntary fund, it is entirely possible that in a couple of years there will be no funds, voluntary, mandatory or otherwise, from Malibu. Our district is on the verge of a very difficult divorce process, in my view, and the groundswell of new support in Malibu for the creation of a Malibu Unified School District is a direct result of the way we proceeded around this issue.

It didn't have to be so. When the Equity Fund was first proposed, many of us envisioned a re-invigorated Santa Monica-Malibu Unified School district around this cause. A check-off box on PTA, corporate and other gifts and grants, allowing all of our donors to give various amounts to an Equity Fund by simply checking a box when they submitted their gifts, would have raised a staggering amount of money, I believe. Districtwide fundraising events for the Equity Fund would have been historic and, I believe, enormously successful and unifying. Everybody would have wanted to jump on board. Instead, the families that would have benefited from such a fund will be left with what, in my view, will be an inferior solution.

The breakup of our district, if it is eventually approved, and the separation of all the resources back into the two communities, may very well be good for Malibu, at least when it comes to the kinds of gift-giving included in this Equity Fund. The money raised by Malibu High's Shark Fund and other PTA efforts in Malibu is well-documented. But the breakup of our district will not be good for the families of Santa Monica who would have benefited from what would have been, I believe, many years of generous giving to the Equity Fund by the people of Malibu. Also missing will be the many and amazing human resources that have contributed so much to our unified district over many years. Now, it is too late to restore that kind of good will. I cannot support such a divisive policy, when there were, in my view, other highly effective alternatives that would have preserved and promoted unity.

RECOMMENDATION NO. A.19

It is recommended that the Board of Education adopt policy 3290, Acceptance of Gifts, which incorporates the establishment of an Equity Fund.

COMMENT: In an effort to equalize opportunities for all students throughout the District, modifications to the Gift Policy, #3290 to include an Equity Fund were presented by the Superintendent to the Board of Education and community in November, 2003. Since that time, this item has returned to the agenda for continued discussion and modification. During this period of discussion, an Ad Hoc Gift Policy Committee was formed for the general purpose of helping the Board construct the finer points of the administrative regulations and to offer opinions on policy points when asked to provide input.

The Board of Education reviewed the policy at the regular meeting held August 26 and directed several modifications which are included in the attached AR (underlined and in bold print).

Once approved, the new policy and equity fund component will become effective ~~for the 2004-05 school year~~ on the date of approval.

\* \* \* \* \*

It was agreed by the maker and seconder of the motion that the following friendly amendments be included in the motion: The policy will become effective on the date of approval.

- < On page 39, a, b, and c will be reordered and shown with "bullets" rather than letters or numbers.
- < On page 39, last paragraph, last word in the first sentence will be deleted, (available) and in its place will be, "allocated by the Board of Education for distribution to sites."
- < Include an annual evaluation component to the AR (see page 41).
- < Equity Funds at sites that roll over to the next fiscal year will not be included in the new year's 15% calculation to the Fund.

STUDENT ADVISORY VOTE: Aye

AYES: All (4)

NOES: None(2) Dr. Jordan\* and Mr. McCloud (\*Dr. Jordan's prepared statement attached to Permanent MINUTES.) Staff will present recommended districtwide programs to the Board for action at a future meeting. Policy 3290 and AR shown on the following pages incorporates the Board's actions as of September 9, 2004.

### Acceptance of Gifts

The Board of Education adopts the following policy for acceptance of gifts to the District:

#### Philosophy

The Board of Education acknowledges that education is a fundamental right. Every child has a right to an education that will prepare him or her to be a skilled and productive member of our society. The goal of the Board of Education is to provide equitable and high quality educational opportunities for all students in Santa Monica-Malibu Unified School District.

The Board recognizes that the needs of students require various learning opportunities, and it is the responsibility of the board to identify and remove barriers that contribute to gaps in achievement for different groups of students. It is the intent of the Board that gifts accepted by the District provide equitable access to educational opportunities to meet the needs of all students. The board recognizes the community's desire to participate in promoting excellence in our schools through fund-raising and gifts. While greatly appreciating acceptable donations, the Board discourages any gifts which may directly or indirectly impair its commitment to providing equal educational opportunities for all district students.

The Board recognizes that there are differences among various communities in their ability to contribute additional funds for programs and services at their local schools, and these differences perpetuate inequalities in educational opportunities from one district school to another. Therefore, the Board may not accept gifts by individuals, groups or organizations to specific schools intended to replace personnel, programs or services cut by the Board in the process of budget reduction, unless sufficient funds are received to restore those programs, services or personnel at all sites from which they were cut.

To achieve a greater level of equalization, the Board will establish an Equity Fund, which will be administered by an external organization of the Boards choosing. Contributions to this fund and distributions from this fund will be made in accordance with Administrative Regulations 3290. The purpose of the Equity Fund grants will be to improve the achievement of ALL students while simultaneously closing the achievement gap by mitigating the effects of the unequalized enrichment of schools.

Before accepting a gift, the Board shall consider whether the gift:

1. Has a purpose consistent with the district's vision and philosophy

2. Begins a program which the Board would be unable to continue when the donated funds are exhausted
3. Entails undesirable or excessive costs
4. Implies endorsement of any business or product

The Board shall carefully evaluate any conditions or restrictions imposed by the donor in light of district philosophy and operations. If the Board feels the district will be unable to fully satisfy the donor's conditions, the gift shall not be accepted.

Gift books and instructional materials shall be accepted only if they meet regular district criteria.

All gifts, grants and bequests shall become district property. At the Superintendent or designee's discretion, a gift may be used at a particular school.

DISTRICT GOAL

SUBJECT: Acceptance of Gifts

ISSUED BY: Assistant Superintendent, Business and Fiscal Services

I. EFFECTIVE DATE

II. AUTHORITY

BOARD OF EDUCATION POLICY 3290

III. PROCEDURES

A. ACCEPTANCE PROCEDURES

1. Gifts will be donated to the school District but can be designated for a particular school.
2. A needs assessment will be conducted by a committee at each school composed of parents, teachers and the principal. This committee will develop a prioritized list of needs for each school.
3. The committee and the principal of the school must approve the disposition of all gifts, which should be in accordance with the school's identified needs, before a request for acceptance is submitted to the Board of Education.

B. CRITERIA FOR ACCEPTING GIFTS

All gifts and donations will be formally accepted by the Board of Education in accordance with administrative procedures subject to the following criteria:

1. Gifts are of direct or closely related instructional value and will not cause the instructional program of the school in which the gift is used to differ from established district curriculum. If a gift is offered that does not appear on the prioritized list of needs or is not of direct institutional value, the committee and the principal will evaluate the gift and make a recommendation regarding acceptance.
2. Gifts of money for personnel will be used for instruction, consulting services, assemblies, aides to assist in the instructional program, for supervision of students (i.e., noon aides) or clerical help. Certificated personnel will be

hourly only; however, classified personnel may be hourly, part time or full time. All personnel whose services are paid for with gift funds must be hired through the Personnel Office.

3. The Business Services Division must approve all gifts requiring installation and maintenance, and appropriate money must accompany requests for acceptance of these gifts. If gift items require an ongoing maintenance contract, the money for that contract must accompany the gift.
4. Gift funds allocated to a school shall be placed in a specifically designated program account. Any funds remaining in this program at the end of the fiscal year shall carry forward into the ensuing fiscal year.
5. The foregoing rules also apply to gifts from student body organizations or any on-campus improvement projects not financed or processed through normal requisitioning procedures.
6. With gifts of opportunity, the Superintendent/designee is authorized to accept gifts on behalf of the Board of Education where a delay until the next Board of Education meeting will cause the gift offer to be retracted.
7. Schools will be allowed to establish a revolving cash fund created by gift money. The fund shall not exceed \$100 per teacher per semester.
8. Gifts given by individuals not in conjunction with fund raising under a value of \$100 do not need Board approval.

#### C. THE EQUITY FUND

To provide equitable and high quality educational opportunities for all students in Santa Monica-Malibu Unified School District, the Board will establish an Equity Fund, which will be administered by the Santa Monica Malibu Education Foundation. The Equity Fund will, annually, distribute block grants to all schools to address district and local school goals and mitigate the effects of the unequalized enrichment of schools. The Board of Education will also annually distribute funds from the Equity Fund to address district-wide goals and programs in order to mitigate the effects of unequalized enrichment and opportunity for students.

The District will establish two categories of contributions to the Equity Fund: mandatory contributions as described in this policy, and voluntary contributions.

1. Contributions and Collection Mechanisms:  
Contributions to the mandatory fund will be collected from the following sources:

a. Fifteen percent of all cash gifts to either the District or any department or organization thereof, or individual schools, donated during a school year will be placed in the Equity Fund.

b. Grants and Gifts

There are four (4) types of revenue sources to the district in the area of grants and gifts:

- 1.) Gifts to the district
- 2.) Grants to the district
- 3.) Gifts to a site/school
- 4.) Grants to a site/school

It is not the intent of this policy to discourage grants from private or public philanthropy.

All gifts given to either a site/school or district shall be required to make the 15% established donation to the Equity Fund.

Grants to the district shall be considered on a case-by-case basis. When the Board accepts each grant (as is normally required), it would also decide if the individual grant should be subjected to the guidelines of the policy or not. A test of how equitable the grant funds are to be distributed will be a guiding principle when making this type of decision.

Grants applied for and given to individual sites/schools shall be exempted from the policy. However, no grant will be submitted or accepted unless it is reviewed by the Assistant Superintendent/ Chief Academic Officer.

## 2. Exemptions

The following items are exempt from mandatory contributions to the Equity Fund:

- a) ASB activities initiated and administered by students.
- b) Operational costs of any organization contributing to the fund.
- c) Any expenditure made by any organization covered by this policy that does not provide a donation explicitly to the Santa Monica-Malibu Unified Public Schools.
- d) Field trips for students.
- e) Scholarships (either academic or to ameliorate fiscal hardship for a student in order to participate in a school sponsored activity).
- f) District approved capital programs.
- g) Grants as noted above.
- h) Non-monetary gifts: The first \$5,000 of assessed value from any donor is exempt. Any amount of value over \$5,000 is subject to the 15% portion of the policy. If a donor gives multiple gifts in a fiscal year, when totaled, the amount above \$5,000 is subject to the policy.
- i) Funds supporting copy machines, i.e. purchase, maintenance agreements, etc.

## 3. Distribution of Funds

Distributions from the Equity Fund will be made annually to District schools and to pre-determined district-wide programs. Prior to the purchase of any new service or material at school sites made by Equity Fund monies, a site must (to the extent fiscally possible) make whole the various organizations that contribute to the fund in the previous year.

The amount of money given to each school in block grants will be determined using a student weighted formula. See Appendix I. The formula contains equal and fractional weights.

This formula takes into account a number of impacting factors on a school. These are: socio-economic status, language acquisition, number of severely handicapped students, population size, and the academic performance of the student body. This formula shall be monitored regularly.

Making decisions about expenditures requires both a very local and very broad perspective simultaneously. These should not be considered as competing forces in this decision. As much as possible the Board of Education believes that the decisions be made as close to the classroom as possible when dealing with school site expenditures. A portion of the equity fund will be used for district-wide programs designed to support activities to achieve our mission. Funds should only be expended by either schools or the district for the following activities:

- District-wide intervention or acceleration programs (this deals with community-wide equity of acquisition issues)
- Intervention and supplemental support programs (this deals with the equity of opportunity issues)
- Enhance the degree of equity in our district within enrichment/advancement programs (this deals with the equity of advantage issues)

It should be expected that over time, and on a yearly basis contributions to the voluntary side of the fund would fluctuate dramatically. In order to avoid a feast/famine cycle (like the State of California) the School Board will include the yearly decision on the amount of funds from the voluntary contributions that will be redistributed. Even growth will be the aim.

In the weighted student formula, the total number of school points is divided into the total amount of Equity Fund resources allocated by the Board of Education for distribution to the sites. The quotient becomes the Equity Funding Point Value. The Equity Funding Point Value is multiplied by the total number of points at each site resulting in a budget weighted to provide resources differentiated for the needs of each site.

Before receiving block grant funds, each school will submit a detailed plan for expenditures, as part of their regular school site improvement plan, to the Chief Academic Officer. The plan must include: target population, number of students served, description of need, rationale for plan, detailed plan of interventions and support, budget, assessment and evaluation procedures.

The Site Governance Council will administer the funds provided to a school/site from the Equity Fund. In the absence of a governance council, a similar group should be designated.

The Board of Education will establish an annual priority list of district-wide programs to be funded by the Equity Fund. Recommendations shall be solicited from staff and approved by the Board as part of the annual budget adoption process.

D. ADDITIONAL CONSIDERATIONS FOR COLLECTION

A methodology to simplify the entire collection process will be to have schools/sites post a monthly update with the fiscal office on the amount of gift/donations made to or on behalf of the school during each month. The fiscal office will help schools track their ongoing gift amounts and contribution owed to the fund. Sites/schools would be responsible for 'holding aside' their required contribution. All contributions would be sent to the Equity Fund in June. The organization administering the Equity Fund would receive the donations and distribute the funds via the student-weighted formula in July. The district will provide an anticipated planning budget each year, so that sites/schools can plan accordingly for the expenditure of these funds. This would be made on the previous year's level of gift/fundraising.

E. VOLUNTARY CONTRIBUTIONS

No formula is applied to voluntary contributions to the Equity Fund. Any amount given is a 100 percent contribution.

F. EQUITY FUND ADMINISTRATION

The Board will designate the Santa Monica Malibu Education Foundation to administer the Equity Fund. The duties of this organization will include the collection and distribution of funds, and the public reporting through an annual audit. The Organization

will also be responsible for the collection of all voluntary donations to the Equity Fund. A board of directors from the Education Foundation will be established to oversee the Equity Fund and its activities. The School Board should seek membership and outline responsibilities for this board. The responsibilities of the Equity Fund Board include:

- 1.) Actively fundraise for the Fund
- 2.) Assist sites/schools in fundraising through a cadre of experts in this area. These volunteers will be at the disposal of various schools to help with this important work
- 3.) Support a sister site program for those who wish to participate
- 4.) Post an annual audit of both the finances and activities of the Equity Fund.

This group of community volunteers should report to the School Board on a regular basis.

*This policy will return to the Board of Education for review and evaluation each year prior to October 1.*

ACTION/MAJOR

RECOMMENDATION NO. A.20

It is recommended that the Board of Education support the Malibu community's investigation and feasibility study of establishing a separate Malibu unified school district.

When the requisite number of signatures have been collected by the supporters of the petition (at least 25% of the registered voters residing within the affected area) then the members of the Board of Education would **simultaneously**, affix their signatures to the petition, which would then be forwarded to the Los Angeles County Office of Education.

This action, to be taken, is done expressly without taking a position on this issue. Therefore, the Board of Education is explicitly maintaining a position of neutrality regarding the merits of the petition.

The Board of Education reiterates and emphasizes its emphatic commitment to provide the highest quality education for every single student in the Santa Monica-Malibu Unified School District.

COMMENT: At the meeting of August 26, 2004, the superintendent presented information regarding the interest on the part of a group of citizens in Malibu who formed the Malibu Unified School Team (MUST) to investigate the process and feasibility of forming an independent unified school district for the area of the city of Malibu.

Following discussion of this matter, the Board of Education directed the superintendent to bring back a recommendation for the Board's consideration.
