Ms. Kennerly reported that the PTA Council had its In-and-Out meeting a couple weeks ago, during which outgoing and incoming officers met. The President’s Dinner will be held in September. The first PTA Council Special Education meeting was well attended. The committee scheduled more meetings for the summer. PTA Council has an extensive summer agenda that will address district communications, a website revamp, and community outreach. Ms. Kennerly thanked the board for putting the communications liaison position on this agenda. She said she looked forward to working with whomever is hired for the position.

E. Financial Oversight Committee

FOC Co-Chair Cynthia Torres addressed the board regarding the proposed adoption of the 2008-09 budget. She said the FOC believes the district is in relatively firm financial standing. She commented that one challenge the district faces is the state's \$15B budget deficit. Ms. Torres applauded the district's efforts to analyze staffing ratios and for adding additional interdistrict permits for 2008-09. She expressed her concern for the deficit project three years out, which the FOC believes is due to generous labor negotiations with all three bargaining groups, in addition to a lack of commensurate reductions in expenditures. Ms. Torres said the FOC supported the board's request that the Santa Monica City Council release funds that were tied to the conclusion of the Special Education program review. She applauded the district for passing Measure "R". She thanked the district fiscal staff and board liaisons for working closely with the FOC.

RE: CONSOLIDATED APPLICATION, PART I

RECOMMENDATION NO. A.09

It is recommended that the Board of Education approve the submission of the State of California Consolidated Application, Part I.

COMMENT: The Consolidated Application must be submitted to the California Department of Education in order for the district to receive funds for categorical programs. The application is submitted in two parts for each school year. Following Board approval, Part I is to be submitted by June 30, 2008, indicating which programs will be implemented at eligible schools. Part of the application indicates the Santa Monica-Malibu Unified School District requests participation in federal programs, including: Title I Basic Grant (low income/low achieving students), Title II, Part A (Teacher and Principal Training and Recruiting), Title III (Limited English Proficient Students), Title IV (Safe and Drug Free Schools and Communities), and Title V (Innovative Strategies). State programs include Economic Impact Aid, Middle School and High School Supplemental Counseling Program, Peer Assistance and Review Program, School Safety and Violence Prevention Program, and Tobacco-Use Prevention Education. Federal guidelines also allow local non-profit private schools to participate with the public school district in federal programs. Those participating private schools are identified in Part I of the application.

As required of the No Child Left Behind Act (NCLB), the district continues to make the necessary adjustments and modifications to meet continuing legislative provisions of the aforementioned programs.

Part II of the Consolidated Application, which includes budget information, will be submitted to CDE in January 2009 after district funding entitlements are confirmed following adoption of the state budget. Part II will indicate the number of pupil participants and funding allocations for each program and school site.

Each school site is required to have a comprehensive school plan known as the Single Plan for Student Achievement describing the strategies and activities to improve student achievement and meet district adopted standards through supplementary services provided by these programs. Schools utilize additional special highly qualified teachers, instructional aides, scientifically research-based intervention programs, tutoring assistance, materials and equipment, professional development, district provided training, conferences and workshop attendance, expert consultants, and parent/community involvement activities to meet the needs of their students. Each school's School Site Council is required to provide input and recommend to the Board to approve the planned program activities and budgets as part of the Single Plan for Student Achievement. The Director of Educational Services reviews program regulations and guidelines with all administration and site staff to insure appropriate implementation and to maintain compliance for each program.

RE: 2008-09 FINAL BUDGET

RECOMMENDATION NO. A.33

It is recommended that the Board of Education, following a "Public Hearing," adopt the District Budget for 2008-09.

COMMENTS: The Budget Development Calendar noted that following a Public Hearing, the Board of Education will be asked to approve the District Budget for 2008-09. This agenda item presents a detailed summary of the 2008-09 Budget, and also provides a continuing opportunity to discuss general budgetary information and projections.

Introduction

The Board has had several opportunities to discuss the development of the 2008-09 District Budget. In a workshop held on April 7, 2008, staff outlined the impact of the Governor's January Budget and made several budget reduction recommendations for the budget year. At the regular Board of Education meeting held on May 15, 2008, staff described in detail a preliminary budget for the District. Additional budget reductions were proposed as directed by the Board at the earlier April workshop. Staff fully incorporated an analysis of the Governor's May Revise and reviewed another preliminary budget with the Board at its June 5th meeting. All Board recommendations to date have been included at this time. Staff expects to prepare a 45-day revision of the SMMUSD budget after the State budget is completed and signed by the Governor. Additional budget changes may be proposed with the 45-day revision.

Listed below are the revised assumptions used to develop the SMMUSD budget:

2008-09 BUDGET OVERVIEW

Revenue Assumptions

5.66% statutory COLA for 2008-09 Revenue Limit funding

The Base Revenue Limit for Santa Monica-Malibu USD will be \$6,208.84 per ADA (2007-08 P2 ADA - 11,087). A <5.36%> deficit factor is applied to the Revenue Limit. The total Revenue Limit is \$65,779,658.

Hourly rates for Supplemental Instructional Programs are:

Grade 7-12 CASEE	\$4.08/hr
Grade 2-9 Retained	\$3.37/hr
Grade 2-6 At Risk	\$2.60/hr
K-12 Core	\$2.33/hr

The projection of 2008-09 District Enrollment is 11,364. The current CBEDs count is 11,704, thus a potential reduction of <340>

students that translates to approximately (\$1.9 M) reduction in our revenue stream.

The Lottery allocation will be \$131.50 per annual ADA, of which \$115 is for unrestricted expenditures and the remaining \$16.5 is for Proposition 20 - Mandated for Instructional Materials.

The District will participate in the K-3 Class Size Reduction Program and receive \$1,001 per pupil (\$1,071 in 2007-08).

No COLA and restored <6.5%> cut of Special Educations Funding in May Revision. Special Education transfer from the Revenue Limit is \$1,916,348.

Special Education Mandate Settlement at \$4.52 per 1999-2000 ADA is \$52,328.

A <6.5%> reduction with no COLA is applied to most state categorical programs that include Adult Education and ROP.

The 07-08 Mandated Reimbursement is not included in the 2008-09 budget.

The Measure "R" parcel tax at \$346 per parcel is estimated to generate \$10,296,960, after processing senior exemptions, which are anticipated to number 2,767 out of 32,527 parcels. The Measure "R" parcel tax will begin in 2008-09 to replace the previous Measure "Y" and Measure "S" parcel taxes.

The District will receive \$7,443,913 (including 3% prevailing COLA) of financial support from the City of Santa Monica.

The District will receive \$139,835 of Joint Use Agreement from the City of Malibu.

The combined lease revenue is \$2,642,412, which is from Double Tree Hotel, Madison Site, 9th & Colorado and 16th Street properties.

The Instructional Materials Funding Realignment Program (IMFRP) will be funded at \$64.67 per pupil per 2008-09 CBEDS enrollment.

The Supplemental School Counseling Program will be funded at \$70 per pupil, based on the 2007-08 grades 7 to 12 enrollment.

The Arts and Music Grant will be funded at \$14.25 per enrolled K-12 pupil.

No state contribution for regular Deferred Maintenance projects. (\$476,911 in 2007-08)

The complete 2008-09 District Budget in the State Standard Account Code Structure (SACS) format is attached to the Agenda as Attachment A (green pages).

CFO Jan Maez thanked Pat Ho and fiscal staff for assisting with the budget. She reminded the board that it had reviewed the budget at three previous board meetings. This final budget includes the changes or suggestions made during those meeting. She also mentioned that the board would see the budget again with the 45-day revision after the Governor signs the State budget.

Dr. Matthews clarified for Ms. Leon-Vazquez that FTE decreases are based on declining student enrollment projections. Ms. Maez explained that 150 interdistrict permits were included in the ADA. Dr. Escarce expressed concern that interdistrict permit applications were being approved too late in the summer. Dr. Chou explained that staff and principals are currently determining the number of openings at each site per grade level. The process of placing permit students starts in July, keeping in mind that neighborhood students may still come in. Mr. de la Torre requested a copy of the Barnum Hall budget.

To the extent feasible, the Superintendent or designee shall use these community resources to provide parents/guardians with instruction in parenting skills and child abuse prevention.

He suggested moving principals around periodically. Dr. Escarce supported the idea of having retired Principal Jerry Harris act as a mentor to Tristan Komlos at Muir Elementary School. He also requested staff examine the number of reading specialists at Muir. Mr. de la Torre asked if Ms. Duran-Contreras, as Principal on Special Assignment, could develop a proposal regarding leadership at Title I schools. RE: ESTABLISH POSITION - DIRECTOR OF SCHOOL SAFETY

RECOMMENDATION NO. A.37

It is recommended that the Board of Education establish a new position: Director of School Safety, in order to better serve the needs of the district. This position will establish and oversee a comprehensive, systematic approach to student safety and mental health support districtwide.

COMMENT: The district currently provides mental health services to students through district staff and a network of community agencies operating on school sites. The community agencies are funded by a \$600,000 grant from the City of Santa Monica. The Director of School Safety would maximize the efforts of schools, central office, and community agencies by collaborating with agency heads, meeting regularly with service providers, and training all staff in district protocols, including child abuse reporting and threat assessment. This person would be responsible for uniform, consistent professional development for school personnel, including advisors and counselors. The Director of School Safety will develop procedures to assess the effectiveness of the overall mental health service plan. (See attached job description.)

SPECIAL NOTE: Upgrading the Safe Schools Coordinator position to Director of School Safety would have no fiscal impact on the general fund because this position is currently funded entirely from Safe and Drug Free federal funds. There are sufficient funds allotted annually to insure adequate support for programs and a director's salary.

Mr. de la Torre requested changes be made to the job description (underlined font on the following page).

RE: JOINT USE FUNDING UPDATE

RECOMMENDATION NO. A.38

It is recommended that the Board of Education direct staff to work with the staff of the City of Santa Monica on completing a formal request for Redevelopment Agency funding, and work cooperatively with the staffs of the Cities of Santa Monica and Malibu and Santa Monica College to identify additional funding sources and collaborate on applications of joint use benefit.

COMMENTS: Staff will be present to answer any questions at the meeting.

The board members inquired about a joint use agreement regarding a library at Edison Language Academy. Mr. Hill replied that SAMOHI was the one campus where the city expressed the greatest interest for shared spaces. He added that other campuses could be considered during Phase II projects. Mr. Hill and Ms. Maez explained that all parties involved in a joint use opportunity must agree to the demand of a project for it to move forward. Mr. Tomeoni from Parsons suggested that the district articulate the need to move forward with Edison construction projects to the architects, while still allowing for the possibility of joint use spaces.

Mr. Hill clarified for Mr. Keiley that the application would address the required funding, the timeline for the project, and the proposed use of funds. He said the district was currently working with Parsons regarding the phasing of SAMOHI projects.

RECOMMENDATION NO. A.39

It is recommended that the Board of Education approve life safety projects identified during the programming phase of Measure "BB" (Grant, McKinley, Rogers, Pt. Dume, and Webster) and fund the projects from the unallocated Measure "BB" funds. It is also recommended that Edison Elementary School budget be increased to complete the school to district standards. It is further recommended that allocations for one year of cost escalation and allowances for fire alarm system upgrades be applied to other previously funded projects.

Action 4: Approve \$265,000 for gas line replacement at Pt. Dume Elementary - Discussion/Rational

Action 5: Approve \$306,000 for fire alarm replacement at Webster Elementary - Discussion/Rational

The Measure "BB" oversight Committee has reviewed these items during their meeting of June 23, 2008, and approve the above budget allocations as revised.

Ms. Maez suggested that the board support focusing the remaining \$2.139M on fire, life, and safety improvement projects.

Ms. Glean Davis, Co-Chair of the Measure "BB" Advisory Committee, explained why the committee had decided to support only certain projects at this time.

Mr. Tomeoni clarified for Mr. Mechur that the Washington West/East and Olympic High School designs would be coming before the board most likely in August.

RE: SANTA MONICA HIGH SCHOOL - MEASURE "BB" PROJECT - PHASE
I APPROVAL

RECOMMENDATION NO. A.40

It is recommended that the Board of Education approve a scope of work for Measure "BB" Phase I at Santa Monica High School.

HISTORY:

The Board of Education approved the initial Measure "BB" project scope with a budget of \$57 million on October 18, 2007. On March 13, 2008, the Board of Education reduced the scope, deferring the Art building removal to a future phase.

R. L. Binder developed siting studies following Board of Education direction on February 7, 2008. The siting studies (Campus Facility Master Plan) explored and illustrated the siting of new functions and possible joint use opportunities on the campus, including a soccer field, football field with CIF track, stadium, and structured parking, while allowing potential for a future direct linkage to the Civic Auditorium Campus. These alternatives have associated scopes and budgets beyond the scope of the original Measure "BB" project.

OPTIONS:

As a result of the siting studies, two distinct Measure "BB" Phase I projects with a budget of \$57 million have been identified:

OPTION 1. Science and Technology building replacement project - This scheme defers construction of subterranean parking and tennis courts, Business, Library, and Art buildings, and construction of new university plaza to a future phase;

OPTION 2. Original Measure "BB scope" - Business, Library, and extended Art buildings replacement - This scheme defers construction of subterranean parking and tennis courts to a future phase.

(Continued on next page)

Santa Monica High School Site Building Committee and the Measure "BB" Oversight Committee have recommended Option 1, Science and Technology building replacement, as the scope for Phase I.

The board agreed unanimously to approve Option 1.

GRADUATION

DISCUSSION ITEM NO. D.01

It is recommended that the Board of Education revise board policy 6146.11 - Alternative Credits toward Graduation.

Attachment:

- Board Policy 6146.11 - Alternative Credits toward Graduation
- Administrative Regulation 6146.11 - Alternative Credits toward Graduation

***** ***** ***** ***** ***** *****

Dr. Escarce expressed concern that online course quality would be determined by the principal. Dr. Chou replied that the administrative regulation could be changed to require the district office to provide guidance for the principals regarding this matter.

Mr. de la Torre inquired about tutoring for students taking online courses. Dr. Chou said the software licenses offer tutoring components.

This item will return for action with the requested changes at the meeting on July 24, 2008.

Students may participate in web-based or online courses either as alternative credits toward graduation or as a course eligible for concurrent enrollment for "make-ups", "acceleration" and/or "enrichment." Students must obtain signed pre-approval for any online course or program from the school principal or designee.

The principal shall evaluate the quality and effectiveness of online course offerings and determine which online courses shall be accepted for high school credit. The principal shall certify that the course is comparable to college-preparatory curriculum and ensures that the course and associated grades and credits are listed on the student's transcript.

The Superintendent or designee shall determine whether a student has satisfactorily met course requirements through any of the above alternative means.

(5 CCR 1600)

Supervised Work Experience Education

A student shall be granted up to 40 semester periods of credit for work experience education of one or more of the following types: (Education Code 51760.3; 5 CCR 1635)

College Courses

To receive high school credit for coursework completed at a community college or four-year college, the student or parent/guardian shall submit a written request and a transcript showing successful completion of the course. The course shall be one that satisfies college entrance requirements, applies toward college-level general education requirements, or is part of a vocational or career technical education course leading to a degree or certificate.

For students attending community college as special part-time students, credit shall be at a level jointly determined by the Governing Board and the community college governing board. (Education Code 48800)

(cf. 6172 - Gifted and Talented Student Program)

Private Instruction

A student who is regularly enrolled and in attendance at a high school shall receive credit toward high school graduation for private instruction under the following conditions: (5 CCR 1631)

1. The instruction entails fields and subjects included in the high school's courses of study and curricula.
2. The student demonstrates his/her capabilities at the beginning and at the end of the period of private instruction by examinations given under the school's supervision, thereby showing that he/she has made progress in learning satisfactory to the school.

Correspondence Instruction

The district shall grant credit for correspondence instruction under the following conditions: (Education Code 51740; 5 CCR 1633)

1. The correspondence instruction is provided by the University of California, or other university or college in California accredited for teacher training, in subjects included within or related to the student's course of study.
2. The student is, for good reason, unable to take the course of study offered in the school.
3. The Board determines the number of semester periods to be credited for successful completion of a particular

correspondence course.

4. No more than 40 semester periods of correspondence instruction are credited to a student towards graduation.

Foreign Language Instruction

The district shall grant credit for foreign language studies successfully completed in a private school and shall apply the credit toward meeting any foreign language requirement prescribed for grades 9-12, provided that all of the following conditions are met: (Education Code 51243-51245; 5 CCR 1632)

1. The courses are in languages designated in Education Code 51244.
2. The student is regularly enrolled or applying to the district in grades 9-12.
3. The student or parent/guardian applies in writing for the credit, specifies the private school attended and the amount and level of credit requested, and submits a transcript or other documents from the private school showing that the student successfully completed the course.
4. The amount of credit sought equals at least one semester's work.
5. The principal or designee determines that the student's achievement is equivalent to that expected of a student of comparable ability taking the same or similar instruction in district schools. This determination shall be based upon the private school's report of a test developed by the private school in cooperation with the district or, if the private school is located outside the district, the principal or designee may use a test given by a public school or other evidence which he/she deems appropriate.

Online Course Instruction

In order to provide students with online educational opportunities, the following are guidelines for implementation of online courses:

1. All online courses may be offered in a blended learning model that includes both face-to-face and online delivery.
2. The online courses shall meet the academic rigor of the California State standards and meet the CSU/UC "a-g" requirements with the exception of a limited number of non-"g" elective courses approved by the District/School.

3. The Principal or designee shall ensure student-testing integrity for online classrooms and ensure the accountability of active engagement of students participating in the courses provided via the Internet.
4. Students participating will strictly adhere to the policies and procedures set forth by the entity offering the online courses.
5. The Principal or designee shall evaluate the quality and effectiveness of online course offerings with District staff, annually.
6. Teachers/Counselors/Advisors shall be trained in the facilitation of online learning and shall participate in e-learning training.
7. Students enrolling in the online courses shall follow the same process as concurrent enrollment at the community colleges, District's alternative educational setting, or a four-year college/university.
8. The high schools, in accordance with the District's policies, shall grant credits earned.
9. Students shall follow the guidelines established by the District including obtaining prior approval from site administration before enrolling in the program to receive credits.
10. No students shall be denied the opportunity of taking an online course due to financial hardship as determined by free and reduced lunch eligibility, or enrollment in home bound/home study program.

Access to technology utilized by online courses imposes certain responsibilities and obligations for both students and teachers:

1. The appropriate use of the online learning opportunity is both ethical and honest, and demonstrates respect for physical and intellectual property, system security protocols, course provider procedures, an individual's right to privacy and to freedom from intimidation, harassment, and unwarranted annoyance.
2. The students utilizing online courses shall adhere to the District's Acceptable Use Policy.
3. All policies relating to academic honesty, participation, and attendance shall be applied to online learning.

This Administrative Regulation is effective July 1, 2008, and may be amended from time to time, as necessary.

RE: REVISE POLICY 5125 - STUDENT RECORDS

DISCUSSION ITEM NO. D.02

It is recommended that the Board of Education approve revisions to the existing Board Policy 5125 - Student Records, and review Administrative Regulations 5125 - Student Records and Administrative Regulations 5125.3 - Challenging Student Records.

Dr. Chou explained that the proposed language for the administrative regulation comes directly from the recommendations of California School Board Association and the California Education Code.

Mr. de la Torre asked if the district would be required to notify a parent/guardian that a student record was being requested by an outside agency. Dr. Chou answered that the district must inform the parent/guardian at least three days prior to complying with a court order or subpoena.

This item will come back for approval at the July 2008 board meeting.

RE: REVISE POLICY 5145.7 - SEXUAL HARASSMENT AND
MISCONDUCT (STUDENTS)

DISCUSSION ITEM NO. D.03

It is recommended that the Board of Education review policy 5145.7 - Sexual Harassment and Misconduct (Students).

COMMENT: The Board of Education approved changes to this policy at its meeting on February 21, 2008. As part of the district's steps to ensure student safety, the board has requested that this policy and its administrative regulation return for review.

Attachment:

- Board Policy 5145.7 - Sexual Harassment and Misconduct (Students)
- Administrative Regulation 5145.7 - Sexual Harassment and Misconduct (Students)

Dr. Matthews explained that the Ad Hoc Policy Review Committee had not yet had a chance to review these changes. He suggested that the board discuss these changes at this meeting, then allow the committee to review the changes, and have the item return for action after this review occurs.

Dr. Escarce suggested the following changes to the administrative regulation:

- *End the first paragraph after "...in the educational setting" and delete "when" from the end of the paragraph*
- *Refer to conditions #1-4 on the first page as egregious circumstances*
- *Make #5 on the first page its own paragraph, beginning, "Additionally, any consensual sexual relationship..."*
- *Move #6 on the first page to the second page at the end of the types of conduct list.*

Dr. Escarce was concerned about having the principal investigate suspected acts of misconduct. He added that it might be problematic to have one policy address both employee-student and student-student harassment.

Mr. de la Torre asked staff to examine clarifying #5 of the types of conduct to include multimedia methods of spreading rumors.

DETAIL

The Governing Board is committed to maintaining an educational environment that is free from harassment. The Board prohibits sexual harassment of students by other students, employees or other persons, at school or at school-sponsored or school-related activities. The Board also prohibits retaliatory behavior or action against persons who complain, testify, assist or otherwise participate in the complaint process established pursuant to this policy and the administrative regulation.

Instruction/Information

The Superintendent or designee shall ensure that all district students receive age-appropriate instruction and information on sexual harassment. Such instruction and information shall include:

1. What acts and behavior constitute sexual harassment, including the fact that sexual harassment could occur between people of the same gender
2. A clear message that students do not have to endure sexual harassment
3. Encouragement to report observed instances of sexual harassment, even where the victim of the harassment has not complained
4. Information about the person(s) to whom a report of sexual harassment should be made

Complaint Process

Any student who feels that he/she is being or has been subjected to sexual harassment shall immediately contact his/her teacher or any other employee. A school employee to whom a complaint is made shall, within 24 hours of receiving the complaint, report it to the principal or designee.

Any school employee who observes any incident of sexual harassment involving a student shall report this observation to the principal or designee, whether or not the victim files a complaint.

In any case of sexual harassment involving the principal or any other district employee to whom the complaint would ordinarily be made, the employee who receives the student's report or who observes the incident shall report to the nondiscrimination coordinator or the Superintendent or designee.

The principal or designee to whom a complaint of sexual harassment is reported shall immediately file a report to the Superintendent with the Confidential Incident Report Form. The Superintendent will determine who will investigate the complaint in accordance with administrative regulation. Where the Assistant Superintendent of Human Resources or designee and/or independent investigator ~~principal or designee~~ finds that sexual harassment occurred, he/she shall take prompt, appropriate action to end the harassment and address its effects on the victim. The principal or designee shall also advise the victim of any other remedies that may be available. The principal or designee shall ~~file a report with the Superintendent or designee and~~ refer the matter to law enforcement authorities, where required.

Disciplinary Measures

Any student who engages in sexual harassment of anyone at school or at a school-sponsored or school-related activity is in violation of this policy and shall be subject to disciplinary action. For students in grades 4 through 12, disciplinary action may include suspension and/or expulsion, provided that in imposing such discipline the entire circumstances of the incident(s) shall be taken into account.

Any employee who engages in sexual harassment or misconduct is in violation of this policy and shall be subject to disciplinary measures and shall be reported to law enforcement agencies.

Record-Keeping

The Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable the district to monitor, address and prevent repetitive harassing behavior in its schools.

All complaints and allegations of sexual harassment shall be kept confidential except as necessary to carry out the investigation or take other subsequent necessary action. (5 CCR 4964)

By no later than October 31st of each year, the Superintendent shall inform the public via an Information Item in the Board of Education agenda regarding the number of reported student and

employee sexual harassment complaints for the previous school year.

INFORMATION ITEM NO. I.02

It is recommended that the Board of Education receive the *District-Wide Classification and Compensation Study for the Classified Service*.

COMMENTS: At the June 10, 2008, Personnel Commission Meeting, the Personnel Commission approved the formal transmittal of the proposed classifications and salary recommendations in the *District-Wide Classification and Compensation Study for the Classified Service - Final Report by the Ewing Consulting Services* to the Board of Education. **Background and Supporting Analysis for Awarding Bid #9.03 to
AT&T Global Services for
LAN/WAN Equipment and Installation Services for the
Measure "BB" Districtwide Technology Implementation**

The Board of Education directed staff to proceed with the Measure "BB" Technology Implementation Plan for both the Data Center and site infrastructure during the board meeting of April 17, 2008, based on discussion and presentation to the board regarding the Implementation Plan on April 16, 2008. This bid will include core and edge switches, WAN and Internet routing equipment upgrades, hardware to support wireless networking, and VOIP (Voice Over IP) systems.

Bids were sent to eight (8) bidders, three (3) attended the job walk and mandatory bidders conference on June 16, 2008. Bid award is based on design and technical solutions, certifications, references, and cost. Two (2) bidders responded with responsive bids: AT&T Global Services and Nexus Integration Services.

The bids were reviewed and the following scores were awarded based on the evaluation criteria. Each category is evaluated and given a score between 1 and the maximum value of the category. For instance, the proposal completeness category scores will range from 1-20, with 20 being 100% complete.

Proposal Completeness - Both proposals were responsive to significantly all requests of the RFP submittals section except for the following:

- Nexus did not submit page 7 of the district Bid Form. This is a key page that states the bidder's actual and total bid amount in dollars.
- AT&T submitted blank CD's - electronic copies were sent via electronic mail.
- Both bidders were penalized 2 points for these omissions.

Certifications - Individual and Partner Level - Both bidders are Cisco Gold Certified partners.

- AT&T did not include the names of the CCIE and CCIE Voice resources in the bid package, but did include them electronically.
- AT&T was penalized 1 point for this omission.

References & Scopes of Work

Successfully contacted two of the references supplied by each bidder. All project contacts were overall positive in all areas including: switching, wireless, and voice-over IP.

- AT&T provided 10 K-12 references and 5 Higher Ed references of relevance (5 were requested in the RFP).
- AT&T provided detailed descriptions of reference projects as well as size and similarity.
- Nexus provided 5 K-12 references as requested in the RFP.
- Nexus did not provide a detailed description of the project or details of the scope of their work.

- Nexus was penalized 1 point for this omission.
- Both bidders provided satisfactory scopes of work divided into three discrete packages that can be procured as separate projects.
- Both vendors used boilerplate responses along with detailed narrative for project management and implementation services.

Design & Technical Solutions

Both bidders responded with a functional design as requested in the RFP.

- The Nexus proposal materials were organized in an order not consistent between sections, or as requested in the RFP, they were not penalized for this.
- The Nexus design utilized 4500 core switches in sites considered small. This design point caused three school sites to be approximately \$50,000 over the target design point. Nexus was penalized 1 point for this design flaw.
- The Nexus design called for 5 3560E-Series switches and UPS units beyond what was specified in the RFP for one particular site. Nexus was penalized 1 point for this design error.

Cost Proposal

Both bidders provided detailed cost proposals in the three separate quotes as requested in the RFP.

- The AT&T cost proposal reveals a standard 47% discount off of Cisco List Price for all equipment.
- The AT&T cost proposal reveals a standard 25% discount off of Cisco List Price for all SMARTnet Maintenance services.
- The AT&T cost proposal includes a LIMITED TIME ONLY discount of SMARTfoundation Maintenance for all 3560E-Series switches for a 5-year terms. This special pricing is worth \$145,080 in on-going maintenance services over 5 years or \$29,016 per year. At the standard 25% discount level, this LTO might be valued at \$108,810 for 5 years or \$21,762 per year.
- The Nexus cost proposal reveals a standard 40% discount off of Cisco List Price for all equipment.
- The Nexus cost proposal reveals a standard 30% discount off of Cisco List Price for all SMARTnet Maintenance services.
- The Nexus response did not itemize professional services as requested in the RFP. This made evaluation of their professional services quote difficult. Nexus was penalized 1 point for this oversight.
- The table below shows that AT&T's equipment cost averages 20% lower than Nexus.
- The table below shows that AT&T's professional services cost averages 31% higher than Nexus.
- The table below shows that AT&T's total solution cost averages 11% lower than Nexus.
- Factor in the additional LTO of 5-year maintenance on all 3560E-Series switches and AT&T's Net Cost Variance over 5-years averages 17% lower than Nexus.

- This Net Cost Variance equates to approximately a 3-point differential, for a total scoring variance of 4 points in favor of AT&T in this category.

Budgetary Comparison

Of the original estimates developed within the Tactical Planning budget, the LAN/WAN equipment estimate totaled \$2,428,098.00 (LAN/WAN/Wireless) and the VoIP estimate totaled \$1,075,244.00 for a total of \$3,503,222.00. The three bids from AT&T total \$3,461,630.00 or 2% under the estimated budget.

Lesson Link®: Innovative Professional Learning Communities for SMMUSD Teachers Final Report

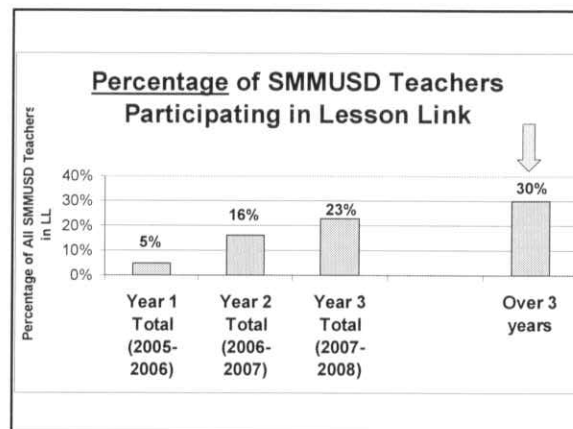

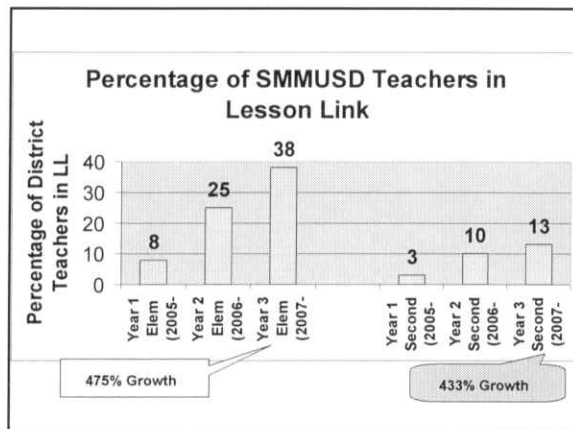

2008

Cindy Kratzer & Amy Teplin
Santa Monica-Malibu Unified School District
Funded in part by a grant from the RGK Foundation

What is Lesson Link?

- A Professional Learning Community model adapted from Japanese Lesson Study.
- 2-3 teachers meet with 1 facilitator
- The team co-plans 1 lesson
- The 3 teachers are subbed out for one day: each of the 3 teachers teaches the same lesson with revision occurring in between each lesson
- Facilitator leads team through a debrief process following each lesson
- Final debrief involves discussing how to link what they have learned to future classroom instruction
- 3 Cycles (lessons) per year

At a Glance

- Qualitative and quantitative data collected and analyzed during the past 3 years of Lesson Link (2005-2008)
- 170 teachers, 14 schools, 74 LL teams
- Pre-K through 12th grade teams
- Content areas include **reading, writing, literary analysis, social studies, math, science, technology, and Freshman seminar**
- Anchored in research on best practices for professional development and adult learning

Key findings indicate that...

Lesson Link is a transformative method of professional development

Findings (described in detail last year)

Comments from 2007-08 LL Participants

- Lesson Link transforms the way teachers work together
- Lesson Link transforms lesson planning
- Lesson Link transforms instruction

"I look at standards much more than I used to, to guide instruction."

"I make sure I model everything!"

"I watch other teachers during my planning period."

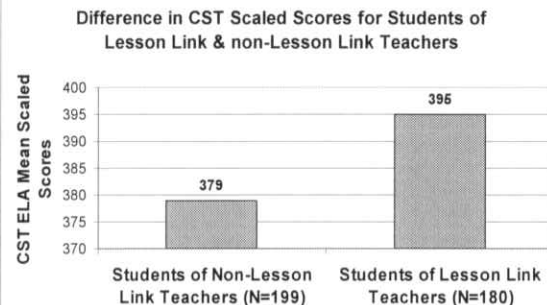

Findings—Student Achievement

- Lesson Link transforms student achievement.
- In 2005-2006 (Year 1), 6 of the 7 Lesson Link teams with comparative data available saw their students outperform the students of non-Lesson Link colleagues at their site and grade level.

Transforming Student Achievement: COMPARATIVE ANALYSIS-- 2006-2007 Teams

- In comparing Lesson Link teachers with site colleagues, 2 out of the 17 teams that had comparative data available had a **statistically significant greater gain in student achievement** than did their non-Lesson Link colleagues.
- 11 out of 17 teams had a positive, but not statistically significant, gain in student achievement, compared with non-Lesson Link teachers at their site.
- These results occurred at 6 Elementary and 4 Secondary sites.

7th Grade Humanities Lesson Link Team (2006-2007)

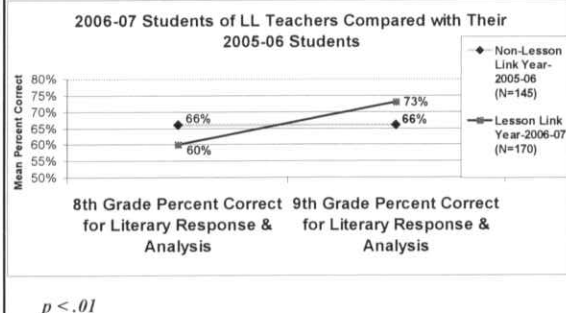

Improving Instruction: The Big Question

- Does participation in Lesson Link change instruction, resulting in student achievement increases?
- Dr. Escarce asked us in May 2007 to compare a Lesson Link teacher's achievement data with that same teacher's achievement data in the year prior to participating in Lesson Link.
- The results of the longitudinal analysis follow.

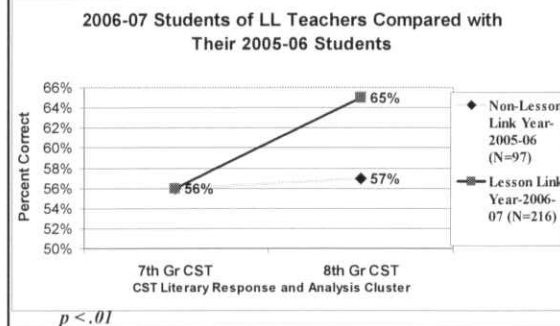

Transforming Student Achievement: LONGITUDINAL ANALYSIS, 2006-2007 Teams

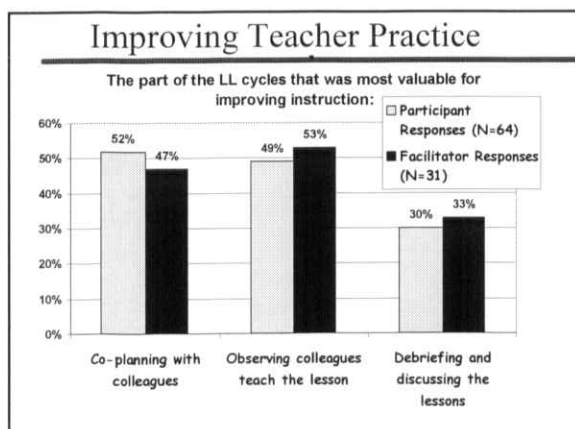

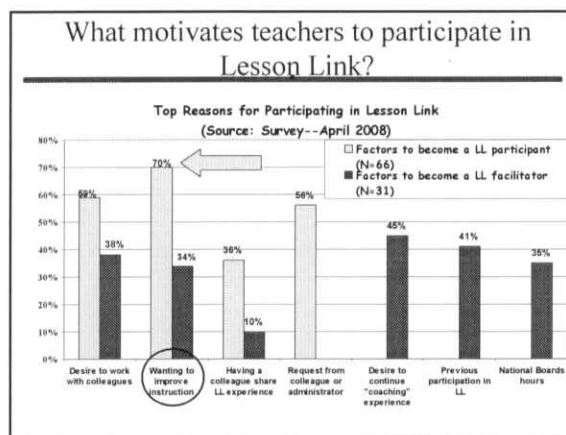

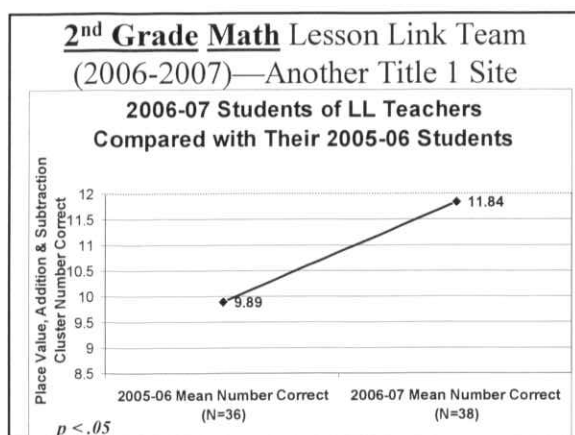

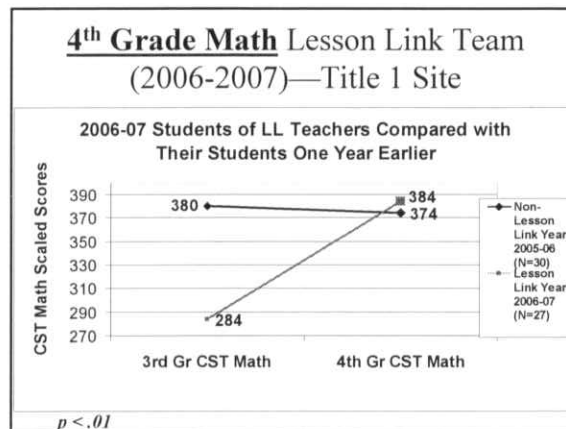

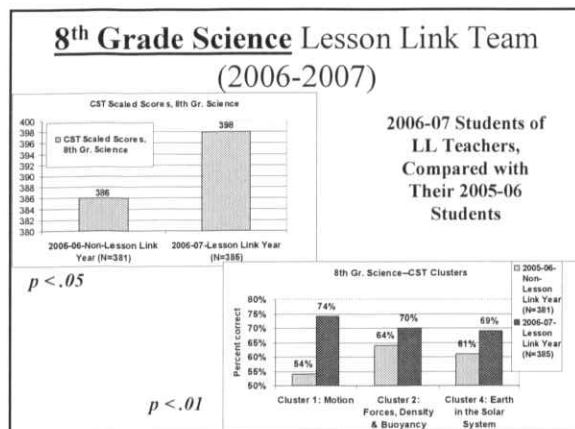

- In comparing Lesson Link teachers with their prior year's (2005-06) achievement, **11 out of the 22 teams** that had longitudinal data available **had a statistically significant greater gain** in student achievement during their Lesson Link year than during the previous year.
- **10 additional teams had a positive**, but not statistically significant, **gain** in student achievement during their Lesson Link year, as compared with the prior year.
- These results occurred at 7 Elementary and 3 Secondary Sites.

9th Grade English Lesson Link Team (2006-2007)

8th Grade English Lesson Link Team (2006-2007)

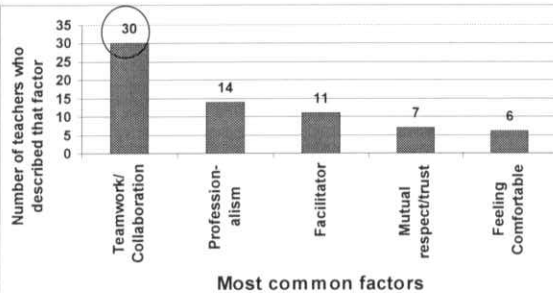

Most Valuable Parts of the LL Cycle (representative quotes from 2008 Teacher Confidential Reflections)

Co-planning the lessons: "There are 3 sets of eyes and 3 minds to collaboratively create the most effective lesson."

Observing colleagues teach: "I saw many strategies and examples that I would not have thought of using."

Debriefing the Lesson: "We often don't have enough time together to look at a lesson so in depth. And also, by the end, we have a nice product that we can continue to use in the future."

What were the factors that contributed to the success of your Lesson Link team? 2008

Factors that Contributed to a Successful Cycle (representative quotes from 2008 Teacher Confidential Reflections)

- a) **Teamwork/Collaboration:** "We worked well as a team. Everyone contributed suggestions and ideas and everyone's ideas were valued."
- b) **Desire to Improve Instruction:** "Everyone was open to trying something new. We are all interested in improving our teaching."
- c) **Facilitator:** "Our facilitator was amazing! It wouldn't have been successful without him."
- d) **Mutual respect and trust:** "We all respect and trust each other's opinions."

If you were asked by your principal or a district leader whether Lesson Link should continue to be funded next year, what would you say?

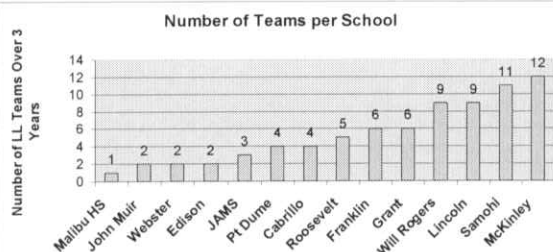

(Source: April 2008 Survey)

- a) It is totally worth it. This really helps us collaborate, think critically and see each other teach. This makes the difference in our future instruction.
- b) It is a more valuable way to use funds/time than any of the current ways it is being allocated.
- c) I think this is the most useful of all staff development activities I have experienced in many years at SMMUSD.

If you were asked by your principal or a district leader whether Lesson Link should continue to be funded next year, what would you say? (Source: April 2008 Survey)

- d) I've been teaching so long that I now go to conferences to remember what I've forgotten. I take home the "stuff" but most of it I never use because I have more "stuff" than I can teach now. **Lesson Link, on the other hand, focuses on the "how" of teaching, where I still need to grow. It allows me to examine my delivery and fix it and try it again immediately.** Lesson Link provides the time and the focus so improvement gets done!

3 YEARS OF LESSON LINK

Conclusions & Reflections

- The right kind of professional development can improve teacher practice and impact student achievement.
- Lesson Link is flexible enough to be broadly applied across content areas and grade levels.
- Facilitation and time are essential.
- Teachers can change instructional practices after a relatively short period of time.

Questions

- Should Lesson Link continue to be mostly voluntary or should it become a regular part of a site's banked time structure?
 - Teachers are divided on this issue. They would like input in these discussions and decisions
- How can resources be reallocated to support the costs associated with Lesson Link (approx. \$850-900 per teacher)?
 - Site funds currently used for sending teachers to conferences
 - PTA funds
 - Title II funds
 - Funds for National Board Certified Teachers (this currently pays for many LL facilitators who are NBCTs)
 - Other monies?
- Can the district support this successful model of Professional Learning Communities by funding Facilitator Training and some of the LL Teams at sites with multiple teams?
