RE: AWARD OF CONTRACTS FOR SUPPLEMENTAL EDUCATIONAL SERVICES (SES) PROGRAM IMPROVEMENT – TITLE I EDISON, JOHN MUIR, MCKINLEY, AND WILL ROGERS ELEMENTARY SCHOOLS

RECOMMENDATION NO. A.06

It is recommended that the Board of Education approve contracts for Supplemental Educational Services (SES) Program Improvement for Edison, John Muir, McKinley and Will Rogers students to vendors as listed below, not to exceed \$646.50 per student.

Funding Information

Budgeted: Yes  
Fund/Source: General Fund  
Account Number: 01-30100-0-11100-10000-5802-035-1300  
Description: Title I

Schools that receive Title I funding under ESEA/NCLB are subject to Program Improvement status when one or more criteria for Adequate Yearly Progress is missed for two consecutive years. When a school is in its second year or more of Program Improvement, the district must offer Supplemental Educational Services (SES) to eligible students. Eligible students are those who participate in the National School Lunch Program. SES is provided by vendors that have been approved by the State Board of Education to provide tutoring to students outside of the school day.

There are 90 agencies on the state-approved list for our area. Of these, 29 attended an SMMUSD vendor orientation and 19 submitted comprehensive proposals to provide services to our students. Proposal requirements included a description of services, certificates of insurance, W-9s, verification of background checks and TB testing, description of licenses, credentials and/or training, and copies complaint procedures, child abuse and missing persons reporting procedures.

Each vendor determines its hourly rate for services, the instructional materials used for tutoring, and the method of assessing and monitoring student progress. The state has set a maximum of \$646.50 per student for SES in our district for the 2013-14 school year. The district is required to set aside 20% of Title I funds to pay for SES and transportation costs associated with School Choice. Should the demand for SES and Choice exceed the 20% set aside, the district will give priority for SES to the lowest achieving eligible students.

Per ESEA/NCLB, families have the right to select the vendor of their choice. Families of eligible students at Edison, John Muir, McKinley, and Will Rogers Learning Community were notified of the opportunity for SES through a mailing that went home on August 29, a vendor night held at the Professional Development and Learning Center on September 24, and through communications from the school principal and teachers. Families were provided with a list of the 19 agencies that submitted comprehensive SES proposals to SMMUSD along with a description of their services, their hourly rate for services, and their contact information.

Based on family selection of vendors, Santa Monica-Malibu Unified School District proposes to enter into contract with nineteen vendors. Vendors will submit monthly attendance and progress reports to Educational Services for each child receiving SES, along with a monthly invoice for services rendered.

COMMENT: According to the Education Code SEC.21 Section 56342, prior to recommending a new or continued placement in a non-public, non-sectarian school, the Individualized Education Program (IEP) Team must submit the proposed recommendation to the local governing board for its review and recommendation regarding the cost of such placement.

The recommendations for these severely handicapped students are made by the District IEP Teams in accordance with State and Federal laws. The mandates of IDEA require non-public school services be provided at no expense to parents if there is not an appropriate public school program available. Funding to come from a SELPA-wide non-public school/non-public agency reserve account.

RE: EQUITY AND ACCESS FOR STUDENT SUCCESS: FALL UPDATE

DISCUSSION ITEM NO. D.01

The District's Equity and Access for Student Success plan is designed to significantly close opportunity gaps over five years plan by focusing on four components:

1. School and District Culture
2. Teaching and Learning
3. Mentoring and Advocacy
4. Policy and Practice

An update of activities/tasks identified in the 2013-14 timeline will be presented this evening.

Public Comments:

- Reuben Branfman, Joanne Berlin, Gary Avrech, Lee Jones, Gina Frazier, Monica Sheppard, and Darya Jones addressed the board regarding this item.

*Dr. Deloria's presentation can be found under Attachments at the end of these minutes. She answered board members' questions regarding the details of the plan.*

*The board expressed its appreciation for the district's meaningful and targeted approach. Mr. de la Torre suggested the district consider hiring a person solely responsible for cultural equity. Ms. Lyon responded that assigning culture change to one person could work against the goal of getting each teacher and administrator to internalize and be an active part in a culture change. Ms. Leon-Vazquez said the Intercultural Equity and Excellence DAC could help with these efforts. Mr. Allen asked about the Willful Defiance category associated with suspension. Dr. Deloria said Dr. Kelly will present to the board at the next meeting regarding discipline. Mr. Allen mentioned to Dr. Deloria that Spark LA partners underserved middle schoolers with leaders in the professional community in an apprentice setting. Dr. Escarce suggested the district contact RAND to see if LAUSD had updated the PTSD symptom report for students. He would like a workshop in the spring on what professional development is being offered, including who is offering it, who is receiving it, and what the results are.*

RE: CONSIDER ADOPTING A RESOLUTION IN SUPPORT OF REFORMING  
PROPOSITION 13 AND CLOSING THE COMMERCIAL PROPERTY LOOPHOLE

DISCUSSION ITEM NO. D.02

Board Member Ben Allen would like his fellow board members to consider adopting a resolution that supports a reform of Proposition 13 and closes the loophole that allows corporations to avoid a reassessment of property.

The proposed resolution is attached.

**SANTA MONICA-MALIBU UNIFIED SCHOOL DISTRICT  
BOARD OF EDUCATION**

**RESOLUTION NO. 13-\*\***

**WHEREAS**, voters in the State of California approved Proposition 13 in 1978; and

**WHEREAS**, Proposition 13 created limits on the property taxes paid by residential and commercial properties; and

**WHEREAS**, residential and commercial property values in California are reassessed upon change of ownership; and

**WHEREAS**, owners of commercial real estate have benefited under current reassessment rules in that if a corporation owning commercial property is sold or merged with another corporation, but the property it owns stays deeded to the corporation, ownership of the property effectively changes without triggering a reassessment of the property; and

**WHEREAS**, corporations often avoid reassessment of their property by limiting the portion of ownership that changes hands to ensure that no single party owns more than 50 percent; and

**WHEREAS**, Proposition 13 is fundamentally unfair and allows corporations to exploit loopholes to avoid paying property taxes and has shifted the tax burden to everyday homeowners and working families; and

**WHEREAS**, loss of revenue from corporate property taxes has led to an increase in regressive taxes and fees that hurt the most vulnerable Californians; and

**WHEREAS**, property taxes are a stable funding source for public schools; and

~~**WHEREAS**, since the passage of Proposition 13, the State of California has assumed a greater role in the funding of public schools; and~~

**WHEREAS**, since the State of California has assumed a greater role in the funding of public schools, per-pupil support has declined from the top 10 in the nation to the bottom 10, resulting in the reduction of programs in the arts, languages, and physical education; the reduction of building maintenance and refurbishment; the loss of nurses, counselors, and librarians; the substantial loss of teachers coupled with a marked increase in class-size; all of which have negatively impacted the quality of public education in California; and

**WHEREAS**, public schools in California face challenges educating a student population with vast differences in language, poverty, parental education level, and other social, educational, and economic factors; and

**WHEREAS**, modifying the method of reassessing commercial property would net needed additional resources for public schools;

**THEREFORE BE IT RESOLVED** that the Santa Monica-Malibu Unified School District Board of Education supports efforts to modify how the value of commercial properties in California are reassessed to allow for more regular commercial property value reassessment; and

**BE IT FURTHER RESOLVED** that the Santa Monica-Malibu Unified School District Board of Education supports this effort while protecting existing protections provided to residential properties; and

**BE IT FURTHER RESOLVED** that tax revenues generated by modernizing how commercial property is reassessed benefit public schools and not accrue to the State of California as General Fund savings; and

**BE IT FURTHER RESOLVED** that the Board of Education will communicate this position to elected officials.

## Site-Based Staffing Decisions

12

Principals work with site staff to create a master schedule that accommodates site needs. Philosophies and strategies used include:

1. Preference for schools of residency placement
2. Counselors and management create skeleton schedules
3. Students select courses
4. Teachers provide preferences for subjects and grade levels taught
5. Grade level or subject area meetings held to determine initial student placements
6. Consideration of singleton, elective and combination classes
7. Consideration of Core, looping and special programs
8. Balancing of classes

## SMMCTA Contract Language - A

13

- *“Whenever administratively practical and whenever the District’s financial resources allow and facilities permit, the District shall make every effort to maintain elementary classes at thirty (30) or less...maintain middle school classes at thirty-four (34) or less, and high school classes at thirty-five (35) or less...”* (Article VIII.A.1, 2)

## SMMCTA Contract Language - B

14

- *Schools will have three (3) weeks to balance their classes and conform to the above class-size standards. The District will make every effort to do this within two (2) weeks. At any time during the school year when new students enroll, every effort will be made to provide an equitable distribution of students.”* (Article VIII.A.5)

## SMMCTA Contract Language - C

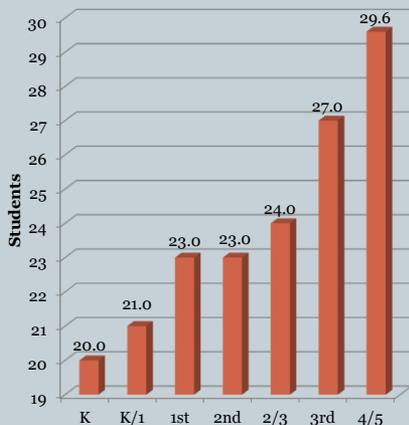

15

- “In those situations where, after classes have been balanced pursuant to Paragraph A.3, the administration has found it necessary to exceed the above limitations for reasons other than financial and/or facility limits, the Administration shall, upon request of the affected teacher(s), meet with them and the Association Representative to discuss the reasons, and then, upon request, put the reasons for the final decision in writing. Possible solutions could include but not be limited to the use of instructional aide time. Other approaches of equivalent cost that reduce the adult to student ratio are acceptable.” (Article VIII.A.6-6a)*

Source: California Department of Education Data Quest

## OVERALL SUMMARY

40

- Enrollment is down from last report by 106 – secondary focus
- Staffing remains constant due to program enhancement
- District was 99% staffed by June; a combined 5 FTE added after that date
- Historical ratios at primary and secondary were, in part, determined in light of a structural deficit; decisions may be revisited in light of future CSR guidelines
- Site and District staff actively consider contract language and Board directives in staffing calculations and Master Schedule building
- 225 students entered SMMUSD via interdistrict permit in Fall 2013
- Demographics are a work in progress

# EQUITY AND ACCESS FOR STUDENT SUCCESS

October 2013  
BOE Update

## Education Trust

“The results of the 2013 STAR show that California students’ progress is stagnant and has even declined slightly in certain areas. In addition to” flat results, “stubborn gaps continue to separate economically disadvantaged, Latino, and African-American students from their more advantaged and/or white peers.”

## EdSource

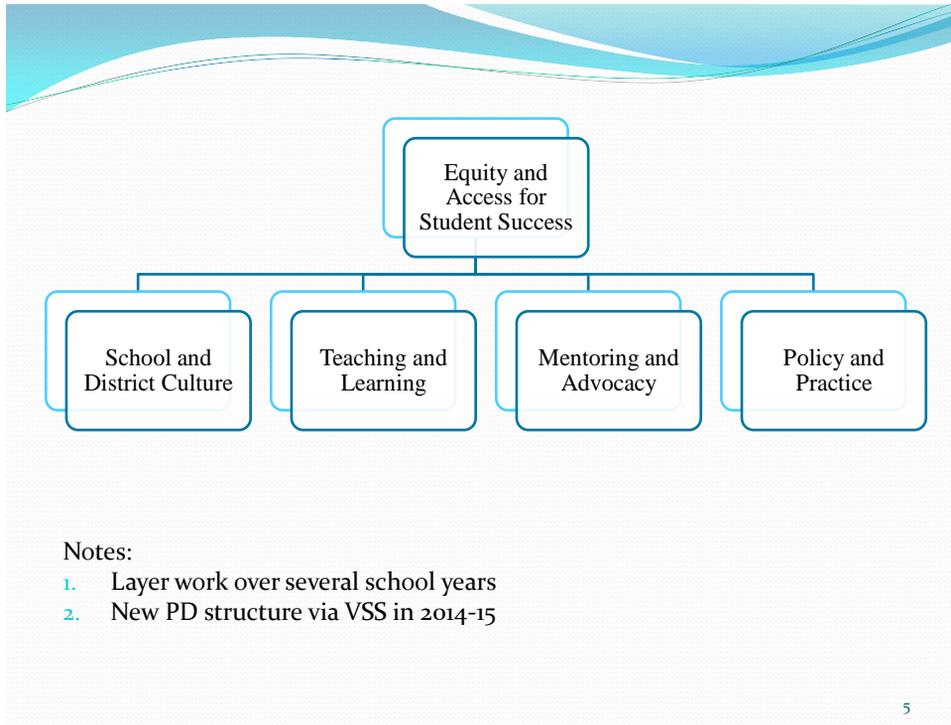

- NAEP and CST data show that poor students, African Americans and Latinos, and English learners are over-represented among students scoring at the lowest levels and under-represented among the highest scoring.
- Dropout, graduation, a-g, attendance and suspension rates reveal similar patterns.
- These results are important because they predict later success, including students' ability as adults to **secure jobs that pay a living wage.**

3

## McKinsey & Company

- Our students who are not learning and succeeding *today* will most likely suffer from one or more of the following tragic consequences *as adults*:
  - Unemployment/Underemployment
  - Poor health and/or shorter life span
  - Higher rates of incarceration
  - Higher rates of substance abuse
