## SCHOOL COMMUNITY AND DESCRIPTION

Santa Monica High School (Samohi), founded in 1891, is located on a twenty-six acre campus in the city of Santa Monica. The school enjoys the strong support of a 7,000 member Alumni Association as well as the citizens of Santa Monica and Malibu. Samohi is divided into five Small Learning Communities, called Houses. Each House is comprised of approximately 600 students, one administrator, and two advisors. The student body of 3,000+ reflects a diverse cultural and socio-economic community consisting of the following ethnic backgrounds: 8.75% Asian (from various Asian countries), 9.1% African American, 35.27% Latino (from various regions of the Americas), 44.4% Caucasian (of European and Middle Eastern ethnicity), and 3% Other. Some students are of multi-generational American descent; others are first-generation Americans. The families of students at Samohi all levels of socioeconomic status. Thirty-two percent of the student body participate in the federal National School Lunch Program (receive free/reduced meals).

## FACULTY

Samohi employs 161 certificated staff members, including 10 student support advisors, 3 college counselors, 6 administrators, and 3 school psychologists. The teacher to student ratio is 35 to 1. We are accredited by the Western Association of Schools and Colleges (WASC). Our spirited faculty is comprised of teachers both newer to the profession and those more experienced. We have a number of faculty members who are Samohi alumni.

## SPECIAL PROGRAMS

The Immersion program allows students to continue their educational experience in a dual-language environment. AVID provides assistance to students who will be the first in their families to attend a college/university. Beginning with the Class of 2018, Samohi graduated its first **Project Lead the Way Engineering Pathway** cohort. Students may enroll in Career Technology Education (CTE) courses, including Intro to Marketing. We offer an extensive Advanced Placement curriculum with 20 courses available. We also offer dual and concurrent enrollment courses for high school and college credit through a partnership with nearby Santa Monica College. These courses are taken on the Samohi campus or the college campus. Other students take classes at UCLA or summer programs like those offered by various colleges. Many Samohi graduates enter college with several college credits. Lastly, we are in the initial stages of establishing a Peer College Counseling program aimed at increasing college awareness schoolwide.

## HIGHLIGHTS

Students earn recognition for outstanding achievement in national testing programs such as National Merit Scholarship Corporation and Advanced Placement exams. Local, state, and national recognitions have been awarded to our students, teachers, and groups in the visual/performing arts, including the band, orchestra, and choir. All Samohi athletics have been recognized for outstanding achievement, including regional, CIF Division, State Championships, and National Championships. CTE classes have won regional and national competitions over the past 5 years.

<b>Grading and Class Rank Information</b>			
<p>Samohi reports an unweighted, cumulative GPA determined by all courses and grades except physical education (PE) and teacher assistant (TA). The GPA is computed using a 4-point scale (A=4, B=3, C=2, D=1, F=0; plus and minus grades are neutral). If a course is repeated, the grades are averaged. In compliance with district policy, class rank is not computed; but, upon request, a GPA percentile range can be provided for colleges/universities to determine approximate ranking.</p> <p>*An academically challenging/rigorous curriculum consists of completing 3 or more APs in the 11th and 12th grades.</p> <p>**Multivariable Calculus is our highest level math course.</p>
