Category E: School Culture and Support for Student Personal and Academic Growth

E1. Parent and Community Engagement Criterion

Regular Parent Involvement

E1.1. Indicator: The school implements strategies and processes for the regular involvement of all stakeholder support groups in the learning and teaching process, including parents of non-English speaking, special needs and online students.

E1.1. Prompt: *Evaluate the strategies and processes for the regular involvement of the family, business, industry, and the community, including being active partners in the learning/teaching process. Comment on the effectiveness of involving parents of non-English speaking, special needs and online students.*

Findings	Supporting Evidence
Principal sends out weekly newsletters. Blackboard connect emails and voicemails when information needs to be communicated.	Invitations to families by phone, email and newsletter to yearly events such as Back to School Night, Freshman Interviews, four year planning meetings, College and Career Fair At Back-to-School Night and in IEP meetings, parents of special needs students meet both general education and special education teacher. Parent and community members are provided opportunities to be part of committees. There is a “coffee with the principal” where parents have the opportunity to meet with the principal.	Parents are part of School Site Council and regularly contribute to decisions about the teaching/learning process. Agenda and notes from “Coffee with the Principal.” Parents are voting members of the Site Facility Improvement Project Committee.
The school also uses social media to communicate with students, parents and the community. The Principal regularly posts news and photos on Twitter. Equitable Academic Support to Enable All Students Access to a Rigorous Curriculum

E3.4. Indicator: Through the use of equitable support all students have access to a challenging, relevant, and coherent curriculum.

E3.4. Prompt: *Evaluate the school’s effectiveness in a) regularly examining for disproportionality in the demographic distribution of students throughout the class offerings (e.g., master class schedule and class enrollments) and b) providing additional and available support to provide equitable access to challenging, rigorous courses for all students (i.e., extra class time, tutoring, or types of alternative schedules available for repeat or accelerated classes, summer classes, class periods beyond the traditional school day).*

Findings	Supporting Evidence
<p>Several efforts over the past six years have resulted in more equitable demographic distribution of students in upper -level course offerings. For example, identifying likely students, hosting parent/student information sessions and offering open enrollment in AP classes.</p>	<p>Agendas and data from schoolwide and department meetings focused on examining disproportionality of demographic distribution.</p> <p>EOS survey helped identify students to support. ACS WASC Category E. School Culture and Support for Student Personal and Academic Growth

Summary, Strengths, and Growth Needs

Review all the findings and supporting evidence and summarize the degree to which the criteria in Category E are being met.

Include comments about the degree to which these criteria impact the school's ability to address one or more of the identified critical learner needs (Chapter III).

Summary (including comments about the critical learner needs)

Santa Monica High School has increased communication and outreach to parents and the community. In the past few years, the school has added social media outreach to complement the more traditional communication tools of phone calls and mail. The school website has been updated and is more appealing, comprehensive and easier to navigate. The PTSA has become more diverse. The PTSA hosts several parent education events, in addition to the yearly Back-to-School Night, College Fair, and Open House. The Chamber of Commerce recruits speakers for our Career Day. The school continues to seek ways to engage all stakeholders and to increase parent participation. We continue to survey our parents and community members about better ways of foster communication.

Santa Monica High School is proud of its diverse student population and relatively safe campus. Due to a reinstated tardy policy, there are fewer students arriving late to school and fewer students "wandering" during class. Furthermore, a recently revamped "Super Saturday" program gives students academic support as they serve time for disciplinary infractions. The school continues to standardize the consequences for infractions so that they do not vary among Houses. There have been faculty complaints about inconsistencies among custodians and inequities between classrooms with and without air conditioning. The school and district are working to address these issues. Beginning in December, the infrastructure is being installed to bring air conditioning to 80% of the school by next summer.

By expanding school leadership, trust and professionalism are spread across a wider cross-section of the faculty and staff. For many years, IPC [Instructional Planning Committee]--made up of administrators, department chairs, teacher-leaders, and program directors--has met every other week to address curricular and campus issues. Starting last year, a sub-committee of IPC--SLT [School Leadership Team]-- has addressed the need for a more comprehensive school-wide professional development plan. Meeting during the school year and over the summer, the SLT attended trainings, developed a year-long plan, and leads all-staff professional development. In addition, a group called FAC [Faculty Advisory Committee] acts as a liaison between the faculty and the administration. The principal communicates high expectations for all. Beginning in October 2016, the principal instituted more all staff-meetings to unite the school and sends out weekly "Principal's Note" emails.
