

Community Service

Eighth Grade Community Service Project 2019-20

Dear Parent/Guardian,

This year at John Adams Middle School your child will be participating in the 8th grade service learning project. Students will be given an opportunity to contribute a minimum of 12 hours to their community: This can be done in the neighborhood, city, or school level. This service project is a school requirement in order for your son/daughter to participate in the end of the year promotion activities.

We, the 8th grade teachers, counselors, and administrators, hope you, the parents, will get involved with this valuable project. We feel that through volunteer community service, our students will become better “citizens of the community” It is our experience that through these service learning projects students take a positive step towards becoming more compassionate, generous leaders of the community.

Students can work on a variety of projects selected from a list of community agencies. We ask that you approve of your child’s selection of a volunteer commitment and that you ensure it is indeed a safe and appropriate activity. Please talk to the person who will supervise your child’s efforts, provide safe transportation, and monitor all aspects of your child’s volunteer work.

8th Grade Community Service Tear-Off – Please sign and Return to your Advisory teacher by **September 23, 2019**

I have carefully read and reviewed the 8th grade Community Service letter with my child, and I am aware of all the expectations and responsibilities as outlined in this letter. I am also aware that this service project is a school requirement in order for my son/daughter to participate in the end of the year promotion activities.
