2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

District Vision

As a community of learners, the Santa Monica-Malibu Unified School District works together in a nurturing environment to help students be visionary, versatile thinkers; resourceful, life-long learners; effective, multilingual communicators, and global citizens. We are a rich, culturally diverse community that values the contributions of all its members and strives to promote social justice. We exist to assist all students in their pursuit of academic achievement, strength of character, and personal growth, and to support them in their exploration of intellectual, artistic, technological, physical, and social expression.

School Description

Lincoln Middle School is located at 1501 California Avenue, one block north of Wilshire Boulevard, in the beautiful beach community of Santa Monica, California. We serve a diverse community of students enrolled in grades 6-8. The vast majority of these students arrive from our three local feeder elementary schools. Lincoln is recognized as one of the leading middle schools in both California and the nation and has received many awards, such as California Gold Ribbon Schools, California Distinguished Schools, National Blue Ribbon, and Disney Spotlight School of the Year. In addition to a rigorous academic program, we integrate Mindfulness, Olweus, and Character Counts! to help promote self-awareness, integrity, and compassion in our student community. Lincoln has an award-winning music program and has three full-time music teachers: Director of Bands, Director of Orchestras, and Director of Choral Music. Students compete in local, state, and national competitions winning excellent and superior ratings. Students perform two school concerts each year in addition to local festivals.

Our staff includes 46 credentialed teachers—including seven who have received National Board Certification (NBC), three full-time administrators - one who was an NBC teacher, three full-time counselors, a full-time librarian, a full-time nurse, a full-time school psychologist, a speech pathologist, a bilingual community liaison, 17 paraeducators, two instructional assistants, one music instructional assistant, a part-time accompanist for chorale, three security officers, six custodians, and five office staff personnel.

2023-24 School Description and Mission Statement

Lincoln Middle School Mission Statement

Lincoln Middle School is a safe learning environment where students are supported intellectually and emotionally to meet their highest potential. Adults work together as role models to provide clear expectations for student achievement and student behavior ensuring that every student feels supported and successful.

Principal Cuevas's Vision

Lincoln Middle School staff members work together to create a learning environment that is safe for students to explore the world and their place in it. Students are challenged to be active participants in their own learning; to be curious, ask questions, to admit what they don't know, and to accept nurturing support when needed.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All students at Lincoln have access to state-approved and district-adopted textbooks and instructional materials in all core academic areas. The district follows the state guidelines and cycles for textbook adoptions. All students, including English learners, have their own copies of textbooks. The PTSA has generously purchased classroom sets of textbooks so that students can leave their copies at home. Textbooks and instructional materials are recommended for school board approval through a comprehensive process by a districtwide committee of teachers and administrators. Members of the public are invited to review the recommended materials and make comments prior to board approval.

School Facility Conditions and Planned Improvements

Lincoln was built in 1924 and will be 97 years old this year. The school facility is well maintained and is in well-functioning condition. Lincoln School provides a clean, safe, and modern learning environment. Our facilities currently support the largest number of middle school students, faculty, and staff in the district. Our technology infrastructure currently provides two fully equipped student computer labs, computers, and telephones in every classroom, ceiling-mounted projectors, and document projector set-ups in all classrooms. We take pride in the cleanliness and appearance of our campus that is maintained by five custodial staff members (one daytime custodian and four evening custodians) and the cooperative efforts of our students. As mentioned before, Lincoln is a closed campus during the school day and all visitors must sign in and obtain a visitor badge in order to enter campus. Security staff monitors the visitor entrance.

The construction contract for the Lincoln Modernization project was awarded to Erickson-Hall Inc. in October 2012. Construction includes demolition and remodel of our west wing building (located on the 14th Street side of campus) to build a new building containing a library, choral room, outdoor amphitheater, six classrooms, and two science labs. Construction began on December 21, 2012, and was completed in March 2015. As part of the Technology project, 20 existing classrooms were upgraded to the district's new technology standards. The standard includes projectors, document cameras, and a sound system with wireless microphones.

In 2018 we saw the completion of a new soccer field and track complete with new restrooms. The auditorium roof was repaired. We were also able to resurface very badly damaged parking lots.

In December of 2020, the interior of the auditorium and lobby was painted. The audience seats, theatre carpeting, and lobby flooring are expected to be replaced by Summer 2021. Security camera installation was completed in the January of 2021. LMS is slated to have a new HVAC system installed in phases over the next couple of years. Updates are also expected for the 300s classroom wing.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	64	59	58	57	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

A strong Parent Teacher Student Association (PTSA) and numerous parent volunteers are vital in supporting the work that we do at LMS. Parental Involvement looks different for different families. The most traditional way of volunteering at LMS is through various PTSA committees.

Parents who have a cleared parent volunteer application on file at LMS can also volunteer to help supervise students during lunch through our Parent Eyes program. Visit lmsptsa.org to learn more.

Parents can help support LMS by serving on our English Language Advisory Committee (ELAC), School Site Council (SSC), Olweus Bullying Prevention Coordinating Committee (OBPCC), Restorative Justice Trainings, or our School Safety Committee. Visit <http://www.lincoln.smmusd.org> to learn more. Parents are invited to participate in our ongoing Special Education Support Group, Diversity, Equity, Inclusion, & Accessibility Committee, Coffee with the Principal meetings as well as various parent education opportunities on a variety of topics. We appreciate it when parents are available to help chaperone field trips, volunteer to support major school events such as Camp Lincoln, the 5th grade tour, school tours, Spring Breakout, 6th Grade Student Led Conferences, dances, festivals, 8th grade activities, and so much more.

If your schedule doesn't allow you to donate time on campus during school hours, you can stay involved by reading all communication from the school, attending evening performances, morning events during late start or making donations to school and district pledge drives and using Illuminate and teacher webpages to help your child stay on track academically.

2023-24 School Safety Plan

School Safety

We have three full-time security officers who work a staggered schedule five days a week which allows us to have at least one officer on campus from 7:30 am - 4:30 pm. Their primary responsibilities are to screen campus visitors at the entrance and to patrol the campus and the buildings throughout the day. The office staff and administrators maintain contact with the security officers via radios. During the school day, there is no unauthorized access to the school campus. Only one entrance is open during school hours, and school security staff monitor this gate during school hours. Visitors are signed in using our Raptor Visitor Management System. The typical classroom space is large enough to accommodate the class size of 32-36 students. Grade levels are clustered and interdisciplinary teams are located next door or across the hall from each other which allows for better collaboration and communication. We have a systematic emergency evacuation plan. For drills or an emergency during class time, students stay with their current teacher. If an emergency occurs before school or during an unstructured time, students are informed of the correct path to take to the field on the north side of the school where they meet their Homebase teachers for attendance and further instructions. Administrators and classified staff have specific duties during drills from gathering attendance sheets to securing grounds and looking for victims. An emergency drill is conducted once every six weeks, and an earthquake drill is conducted at least twice each year. In addition to fire and earthquake drills, we also have a lockdown drill procedure. This drill can occur during classroom time and during "free" time such as during nutrition, lunch, or passing periods.

The School Safety Plan was most recently reviewed and discussed with school faculty in August 2020. Lincoln's Emergency Safety Plan is updated annually. The current safety plan was approved by the SSC on November 16, 2022.

2020-21 Secondary Average Class Size and Class Size Distribution

This table displays the 2020-21 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students
English Language Arts	25	9	18	5
Mathematics	25	12	14	5

Fiscal Year 2022-23 Types of Services Funded

We use Lottery funds to purchase supplementary instructional materials for our core classes as well as for ELD (English Language Development) programs. Our site funds help provide our teachers with professional development opportunities such as participating in data articulation meetings, summer planning hours, Learning Walks, attending conferences, grading, and norming. These funds cover subs needed, hourly teacher pay, and/or conference and travel monies. We use stretch grant funding to support student groups who are not performing as well as the school as a whole through support programs; and our Transition Program with our elementary feeder schools, so that the transition from fifth to sixth grade is as smooth as possible. Our PTSA generously provides funding to purchase extra supplies that are not covered by the district/school, copiers, technology as well as many other activities including parent educational evenings, grade-level enrichment activities, reward activities, and more!

Professional Development

All teachers and staff in SMMUSD participate in ongoing professional development through banked time, a total of 90 minutes of meeting and professional development time each week at each site. Areas of districtwide focus for teacher and administrator professional development include implementation of curriculum guides and other areas that are determined by a review of summative and formative data from all school sites and the collection of input from teachers and administrators.

Among the primary focus areas for professional development in SMMUSD are the following:

- Developing School Leadership Teams and Professional Learning Communities through Learning Walks.
- Engaging in Inquiry Cycles
- Literacy and Mathematics—standards-based curriculum and instructional delivery
- Using data to improve classroom instruction
- Culturally relevant and responsive pedagogy
- Supporting students with special needs
- Differentiated instruction for all students, including English learners
- Technology integration

A variety of methodologies are used to provide professional development, including coaching and mentoring. SMMUSD provides coaching through several programs such as BTSA, National Board Teachers, literacy and ELD coaching, School Leadership Teams, and such specialized programs as Cotsen Fellows and EETT Mentor/Coaches. Additionally, professional development occurs through workshop series during banked time and/or after-school opportunities. Each August, all teachers new to Santa Monica-Malibu are invited to participate in Teacher Academy, a professional development and orientation to district-wide curriculum and instructional initiatives. All eligible new teachers are encouraged to participate in BTSA. Teachers interested in applying for National Board Certification are supported in their efforts.

In addition, each year at individual school sites teachers and administrators review data, discuss options and select additional areas of focus for the staff as a whole as well as for departments and/or grade-level teams as appropriate. At Lincoln, we focus on the above district initiatives as well as putting emphasis on technology integration in all curricular areas, strengthening school-home communication, and embedding mindfulness strategies to support student social-emotional growth.

Lincoln has a late start schedule every Friday morning which allows teachers 90 minutes to meet for continuous professional growth around 26 mornings out of the year (this number varies from year to year due to holidays). Our school-wide focus centers on helping students use precise academic language and evidence to communicate and demonstrate deep and complex understanding in all content areas. In addition, we are allotted one full day for site-based professional development each year and two pupil free days. Outside of this time, teachers have opportunities to engage in professional development offered by our district Educational Services team. Topics include but are not limited to:

Professional Development

- Developing effective School Leadership Teams and Professional Learning Communities
- Literacy and Mathematics—standards-based curriculum and instructional delivery
- Using data (formative & summative) to improve classroom instruction
- Social-Emotional Supports for Students
- Culturally relevant and responsive pedagogy
- Supporting students with special needs
- Differentiated instruction for all students, including English learners
- Integration of Technology into classroom instruction
- Blended Learning
- Restorative Justice
- Social Justice Standards
- Project Based Learning

A variety of methodologies are used to provide professional development, including coaching, mentoring, and modeling. The number of days dedicated to professional development is determined by the district school calendar. For the 2020-21 school year, we were allotted additional professional development time at the start of the year due to the Covid-19 Pandemic. For the 2021-23 school year, we are using these days to help provide professional development in line with our School Implementation Plan, with an educational focus of Differentiation. We use site funds to allow additional opportunities for teachers to work together to impact student learning. Common activities include norming, learning new curriculum, learning walks, attending conferences, and other training offered outside of our district.

This table displays the number of school days dedicated to staff development and continuous improvement.
