District Vision

As a community of learners, the Santa Monica-Malibu Unified School District works together in a nurturing environment to help students be visionary, versatile thinkers; resourceful, life-long learners; effective, multilingual communicators and global citizens. We are a rich, culturally diverse community that values the contributions of all its members and strives to promote social justice. We exist to assist all students in their pursuit of academic achievement, strength of character, and personal growth, and to support them in their exploration of the intellectual, artistic, technological, physical and social expression.

Principal's Message

Malibu Middle School officially became it's own school, separate from Malibu High School, at the start of the 2019-2020 school year. MMS is a comprehensive middle school, grades 6-8, that provides its students with a world-class, 21st-century education. We pride ourselves in our friendly, caring environment that prepares all of its students to be thoughtful, insightful, lifelong learners, who are responsible citizens of a global community. Situated on the Pacific Coast just outside Los Angeles, our students have access to hands-on, authentic learning opportunities for diverse courses of study, including marine and environmental sciences to visual and performing arts. In addition to having a highly dedicated and professional staff and faculty, MMS is also fortunate to have an engaged and supportive parent community. Thanks in large part to our various parent organizations and their contributions, Malibu Middle School thrives and continues to provide the quality programs and resources that our children deserve to be well-rounded individuals.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2020-21)

All students at Malibu Middle have access to state-approved and district-adopted textbooks and instructional materials in all core academic areas. The district follows the state’s K-8 guidelines and cycles for textbook adoptions. In addition, a new math curriculum for the middle school students is aligned to the new Common Core standards. All students, including English learners, have their own copy of textbooks. K-8 textbooks and instructional materials are recommended for school board approval through a comprehensive process by a districtwide committee of teachers and administrators. Texts and instructional materials for grades 9-12 are reviewed by a school site committee and submitted for review and approval by the school board. Members of the public are invited to review recommended materials and make comments prior to board approval.

School Facility Conditions and Planned Improvements (Most Recent Year)

The Malibu Middle facilities support the needs of comprehensive academic, co- and extracurricular programs. The facilities include general education classrooms, science labs, visual arts classrooms, instrumental and vocal music rooms with practice rooms, two computer labs, library with computer lab, swimming pool, tennis courts, baseball field, softball field, football field, auditorium, a physical education gymnasium, a competitive gymnasium, outdoor amphitheater, and an all-weather track facility. Teachers have a faculty lounge with adjacent workroom used for producing instructional materials. Classrooms meet specific square footage guidelines and are equipped with whiteboards, classroom materials, audiovisual equipment, computers, laboratory equipment, and needed support materials. Teachers structure their classroom settings to meet their program’s needs. Classroom environments allow students to work individually, in small groups and in whole-class settings.

Physical education areas, athletic field space, and aquatic settings support physical education instruction, athletic competition and other instructional activities. The school library provides print materials, reference items, technology for student use, and space for students to engage in individual and group work. We make every effort to keep our campus clean and graffiti-free; we strive to have an environment that is conducive to student learning. Our facility is well maintained and is in well-functioning condition.

Due to the passage of several districtwide bond measures, Malibu Middle School recently opened its library and administration building with a new, state-of-the-art facility that includes a library, administrative offices and middle school classrooms. Our new middle school building with 12 classrooms opened in the Fall of 2019. These classrooms are equipped with new flexible furniture seating and state of the art technology. With the voters approval of Measure M in the fall of 2019, the district recently completed a master plan process and planning is underway for a new high school campus which, when completed, will create a stand alone middle school. With the previous approval of Measure GSH, the district continues to be able to address the deferred maintenance funding that changed with the statewide implementation of LCFF.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

ELA		N/A		N/A		N/A
Math		N/A		N/A		N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-21)

Malibu Middle School has several volunteer parent and information networks.

These include:

- PTSA Executive Board
- PTSA General Assembly
- Arts Angels Booster Club
- School Site Council
- Latino Parent Group (FIDA)
- ELAC
- School and District Committees

Additional school/community groups include:

Malibu Schools Leadership Council (MSLC)

A Malibu Public Schools (AMPS)

Our unique fundraising model is the result of the following community groups:

The Shark Fund (TSF)

PTSA ensures open communication between the school and parents, the Arts Angels support our arts programs, and the Athletic Booster Club supports our athletic programs. Additionally, the PTSA and school staff help to provide a variety of parent education opportunities. Volunteer opportunities at the classroom and school level are provided throughout the school year. The highly successful fundraising organization, The Shark Fund (www.thesharkfund.org), secures the necessary financial resources needed to support all of our programs, including booster and academic programs.

For more information on how to become involved at the school, please contact Soniya Perl, PTSA President, at soniya.perl@yahoo.com

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2020-2021)

Malibu Middle School is committed to ensuring a safe school defined by a respectful learning environment, balanced with appropriate standards of behavior. We offer students and parents the opportunities to engage in many activities including athletic and school-sponsored events, during and outside the school day. As a primary gathering place for young people in Malibu, administrators and campus security supervise activities ensuring that students, guests and community feel welcomed. Working with our parents and community partners, we work to ensure that all who come to our school are safe. A significant partnership includes the Malibu Boys and Girls Club that provides supervised after school programming, a Wellness Center, and substance abuse counseling.

We review and update the Malibu Middle School Safety Plan annually. The School Safety Plan was last reviewed, updated, and discussed with the school faculty in August 2020. The School Safety plan is discussed and updated with the school safety committee/SSC in December, 2020 and approved in January 2021. Throughout the year, we have safety and evacuation drills for fires, earthquakes and other emergencies including campus lockdowns. Our 3-day emergency supplies of water and food as well as our disaster supplies are inventoried each year based on the district provided supplies list. The last annual inventory was completed in December, 2020. We also have a relationship with the City of Malibu and the local American Red Cross agency to assist us in the event of a significant community emergency.

Malibu Middle School is committed to a safe environment that supports teaching and learning. Visitors to the campus enter through our main driveway and must check in with security. A new visitor ID protocol was implemented in October, 2019 where all visitors must provide an ID which is screened through the Raptor Visitor Management System. School security staff, administrative staff, and support staff work together to ensure a safe and secure campus. All entrances and exits are locked during the school day and any open entrances/exits are monitored by campus security.

Administrators, athletics staff, campus security, and a number of other teachers and staff maintain basic first aid, CPR, AED training. Additionally, administrators and members of our special education department maintain training in CPI, Crisis Prevention Institute.

Due to ongoing campus improvements, traffic procedures and pick up and drop off routines have been reviewed and changed the last few years to ensure student safety and effective traffic circulation. The current improvement projects include plans for improved perimeter fencing and a single campus entry point as well as additional traffic and safety improvements. There are subsequent plans to improve campus facilities and the district has developed a strategic safety document that was reviewed with the school board in February of 2018 to include possible key fob systems.

Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

Rate	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
Suspensions			2.4	2.0	3.5	3.5
Expulsions			0.0	0.0	0.1	0.1

Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions		1.5	2.5
Expulsions		0	0.1

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	4	5	5

All teachers and staff in SMMUSD participate in ongoing professional development through banked time, a total of 90 minutes of meeting and professional development time each week at each site. Areas of districtwide focus for teacher and administrator professional development include implementation of new Common Core standards and other areas that are determined by a review of summative and formative data from all school sites and the collection of input from teachers and administrators. Among the primary focus areas for professional development in SMMUSD are the following:

Developing Instructional Leadership Teams and Professional Learning Communities through Lesson Link, Academic Conferences and Learning Walks

- Literacy and mathematics—Common Core standards-based curriculum and instructional delivery
- Using data to improve classroom instruction
- Culturally relevant and responsive pedagogy
- Supporting students with special needs
- Differentiated instruction for all students, including English learners
- Technology integration

A variety of methodologies is used to provide professional development, including coaching and mentoring. SMMUSD provides coaching through several programs such as BTSAs, National Boards, literacy and ELD coaching, and Instructional Leadership Teams. Additionally, professional development occurs through workshop series during banked time and/ or after-school opportunities. Each August, all teachers new to Santa Monica-Malibu are invited to participate in Teacher Academy, a professional development and orientation to districtwide curriculum and instructional initiatives. All eligible new teachers are encouraged to participate in BTSAs. Teachers interested in applying for National Board Certification may participate in the process and can elect to be supported by teachers who have already achieved National Board Certification. The district recently has provided a variety of cohort based professional development opportunities including around: social justice standards, restorative approaches, project based learning, blended learning, matrix of bias, deep learning, and NGSS.

Malibu Middle School’s professional development activities are both schoolwide, grade level core, and departmentally based. Our focus area is:

Using data to drive instruction and decisions, we will address the needs of all students by supporting the development of effective communication and reasoning skills so students will be able to use academic language to justify their claims in completing cross curricular PBL/Deep Learning projects.

PRIORITIES: (as a new school)

Core Values

Core Time/PLC (PLCs are now core, not dept.)

Core PLC Time to co-design, co-plan PBL and Deep Learning Projects which include: 6 Global Competencies: Character, Citizenship, Collaboration, Communication, Creativity, Critical Thinking and 4 Elements of Learning Design: Pedagogical Practices, Learning Partnerships, Learning Environments, Leveraging Digital

Review Student Work, Revise Instruction

SLT (School Leadership Team) PLAN:

Academic Language

Strategies for EL students

DOK 3/4

Increasing Student talk

Tech Integration/Google Classroom

Performance assessments

Increasing student choice and agency

Student Engagement

RJ circles in all classes

The School Leadership Team develops the annual professional development calendar around the site priorities in the implementation plan. The SLT team reviews data quarterly to inform the plan. Additionally, annual data is reviewed with all staff in August to frame the priorities for the year. Periodically, FAC distributes staff surveys to assess staff perception on the effectiveness of the modified day professional development schedule.

Types of Services Funded

Malibu Middle School utilizes categorical and local funding to support teaching and learning. Programs include After School Library Drop-in Tutoring, STAR Program, licenses, visual and performing arts programming, teacher professional development, teacher release time and Bilingual Community Liaison. Malibu Middle School routinely serves as an intern site for graduate students pursuing pupil services and school psychologist credentials. Categorical funding also is used to purchase curriculum, supplies and instructional materials used to support teaching and learning.

Furthermore, SMMUSD uses Title II funds to support a Math and Secondary Support Coordinator to:

- work with teachers/administrators to support student learning around math content and practices for all students
- facilitate and review the guaranteed and viable curriculum that includes use of common formative assessments to gauge student achievement
- support ongoing intervention/enrichment opportunities to address student growth and needs

Title III funds are utilized to expand educational opportunities that increase language and academic proficiency of our English learners, and to expand parent engagement opportunities.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
