District Vision

As a community of learners, the Santa Monica-Malibu Unified School District works together in a nurturing environment to help students be visionary, versatile thinkers; resourceful, lifelong learners; effective, multilingual communicators; and global citizens. We are a richly varied community that values the contributions of all its members. We exist to prepare all students in their pursuit of academic achievement and personal health and to support and encourage them in their development of intellectual, artistic, technological, physical and social expression.

Principal's Message

Olympic High School opened in 1966 as the continuation school for the Santa Monica-Malibu Unified School District (SMMUSD) and was awarded a full six-year term of WASC accreditation in June 2016. In January 2011, the school was awarded Model Continuation High School status by the California Department of Education and was renewed in 2014. Olympic provides a small-school environment for students who are behind in academic credits. Students are provided individualized instruction with a strong emphasis on curriculum, collaborative engagement intensive guidance and counseling. Olympic High is unique among the state's continuation high schools in providing an array of elective course offerings designed to engage students in a program area of interest; in recognition of this effort it has received an Exemplary Program Award from the California Continuation Education Association.

Olympic High Schools' Mission Statement:

Culturally responsive instruction, academic rigor, and equitable access in a safe, supportive learning environment in every classroom, everyday, all the time.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

All students at Olympic High have access to district-adopted textbooks and instructional materials in all core academic areas. All students, including English learners, have their own copy of textbooks. Texts and alternative instructional materials for Olympic students are carefully mapped to standards and designed to meet the needs of continuation students. The materials are reviewed by a school site committee and submitted for review and approval by the school board. Members of the public are invited to review recommended materials and make comments prior to board approval.

School Facility Conditions and Planned Improvements (Most Recent Year)

Remodeling has occurred to improve the electrical, heating and alarm systems of the entire site. Handicapped access has been brought up to code. All classrooms and workspaces are equipped with telephone and data lines. All classrooms also have multiple computers for student learning with Internet access connected to our server. Custodial staff is on-site from 6 a.m. to 7:30 p.m. The administrator and security personnel routinely inspect school grounds. Potential problems or hazards are reported to the district maintenance department for repair. Olympic celebrated its 48th birthday this year. The facility is well maintained. We are proud that our school district takes great efforts to ensure our school is clean, safe and functional.

The Olympic High School site began renovations through Measure BB funding in the fall of 2014. The work includes upgrading access to technology in Rooms 1, 2, 3, 3C, 5, 15, 16 and 17, along with major renovations to Rooms 4, 6, 11, 12, 13, 14, the kitchen, the Olympic High office and the Adult Education Center office. In addition, the parking lot will be transformed into a recreational space with a new tennis court, a paddle tennis court and an outdoor eating/performance area. East-facing patios behind Rooms 12, 13, 14, 15, 16 and 17, will also be upgraded to encourage use by students and staff. With the approval of Measure GSH, the district will now be able to begin addressing the deferred maintenance funding that changed with the statewide implementation of LCFF.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Parents are frequently on campus to visit and confer about student progress, often without the need to make an appointment. We invite active participation in the Site Governance Council and in any area in which a parent would like to volunteer. Parent meetings are held, depending on need, regularly and are focused on topics of interest requested by parents. All meetings are conducted in both Spanish and English to assist parents in support of their students.

For more information on how to become involved, contact Community Liaison Joanna De La Rosa at (310) 392-2494, ext. 66214.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Our campus is home to Olympic High School, the Off Campus Learning Center, the Independent Study Program, the Adult Education Program and the Pine Street Preschool. The School Safety Plan for these programs is included in an overall Site Plan, which identifies Crisis and Disaster Team members and steps to be followed in the event of a crisis or disaster. The team has practiced movement and communication for campus sweeps, management of a control center, reunion locations, site security, first aid, and general emergency procedures. The strategies to be employed in the event of a lockdown, earthquake, fire or the presence of an unknown intruder are all covered in our Safety Plan. However, the absence of a public address system does hinder the process, though we're expecting one to be installed soon. The campus is well managed and supervised by staff and security making it safe for students before, during and after school. Visitors must sign in and show ID.

The School Safety Plan was last reviewed, updated and discussed with the school faculty in October 2016.

Professional Development provided for Teachers

Economic Impact Aid funds are used for additional textbooks and professional development. Tier III funds are used to purchase supplemental art materials and copy-machine maintenance.

Professional Development (2015-16)

All teachers and staff in SMMUSD participate in ongoing professional development through banked time, a total of 90 minutes of meeting and professional development time each week at each site. Areas of district wide focus for teacher and administrator professional development include implementation of curriculum guides and other areas that are determined by a review of summative and formative data from all school sites and the collection of input from teachers and administrators. Among the primary focus areas for professional development in SMMUSD are the

following:

- Developing School Leadership Teams (PLC) and Professional Learning Communities through Lesson Link, Academic Conferences and Learning Walks
- Developing our area of focus through our agreed upon school goals; Evidence based writing and communicating using precise academic language.
- Using data to improve classroom instruction and determine school goals
- Culturally relevant and responsive pedagogy
- Supporting students with special needs
- Differentiated instruction for all students, including English learners
- Technology integration

Use of the ERWC ELA curriculum

Use of the Professional Learning Community to evaluate adherence to school goals and inform best practices

A variety of methodologies are used to provide professional development, including coaching and mentoring. SMMUSD provides coaching through several programs such as BTSA, National Boards, literacy and ELD coaching, School Leadership Teams, and such specialized programs as Cotsen Fellows and EETT Mentor/Coaches. Additionally, professional development occurs through workshop series during banked time and/or afterschool opportunities. Each August, all teachers new to Santa Monica-Malibu are invited to participate in Teacher Academy, a professional development and orientation to district wide curriculum and instructional initiatives. All eligible new teachers are encouraged to participate in BTSA. Teachers interested in applying for National Board Certification may participate in the process and can elect to be supported by teachers who have already achieved National Board Certification.

At Olympic, professional development topics have been tailored to support school goals as well as the weekly work of our Professional Learning Community. InnovateEd's model of school leadership teams, Hattie's "List of influences on achievement," Fullan's capacity building, special education, APEX Learning, NEFE High School Financial Planning Program, Dealing with Trauma, WASC preparation and Sexual Harassment are all topics addressed in our professional development. The staff will engage in ongoing trainings this year focused on evidence based writing and communication using precise academic language.

For the 2012-13 school year, we dedicated one day a month to professional development. Since the 2014-2015 school year, we devote two days a month to professional development. Our PLC meets every week school is in session.

Career Technical Education Programs

Olympic High School students are encouraged to participate in Career Technical Education programs at other sites in the district. New and revised CTE program pathways are being developed through a strong collaborative partnership between SMMUSD and Santa Monica College. The purpose and focus of our CTE collaborative pathways is to educate and help to prepare our students for STEM careers involving sophisticated scientific, engineering and technological skills and knowledge, as well as a focus on fostering, nurturing and valuing imagination, creativity and innovation. Furthermore, our joint collaborative pathways enable dual enrollment academic opportunities for our secondary students with congruent transferability and bachelor degree goals.

State-approved CTE courses offered by the district include the following:

- Automotive Technology
- Business Entrepreneurship (UC)
- Commercial Photography (UC)
- Film and Video Production (UC)
- Digital Design (UC)
- Information & Media Support Services
- Marketing Essentials
- Marketing – Career & Job Readiness (IEP & 504)
- Office Occupations
- Professional Actor
- Professional Dance (UC)
- Stagecraft Technology
- Technical Theater

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
